Council approves long-awaited zoning law

A new Master Plan and Zoning Ordinance for the City of Romulus has been approved by City Council.

The new zoning ordinance was adopted at a special meeting of City Council held Thursday at the Waterboard Building.

The final adoption of the long-awaited ordinance followed weeks of meetings, conferences between members of the city council, city planning consultants Parkins, Rogers & Associates of Detroit and Citizens Advisory Committee on Zoning, a council-approved group.

A public hearing on the new master plan was held April 20 at the Romulus Senior High School Auditorium. More than 100 citizens plus land developers were in attendance.

The city council at the special meeting made several minor amendments to coincide with ideas and suggestions made at the public hearing.

Following approval, the council expressed its intent and desire that the Romulus Ordinance Review Board regard with favor the petitions of persons charged with violation of the zoning ordinance within 30 days after its effective date (upon publication in this issue) if they can establish that such violation was inadvertent and the result of lack of opportunity to become acquainted with the provisions of the new rules and regulations.

The new zoning ordinance reduces considerably the amount of acreage zoned for multiple dwellings and prohibits the expansion of a mobile home park in the community's northeast section; differing in those respects from a previous council-approved master plan and zoning ordinance which was rejected by a referendum vote last summer.

The previous plan provided 500 acres for multiple zoning. In the new approved program only 80 acres of vacant land in the northeast portion of the city will be zoned for multiple dwellings. The remaining 420 acres will be zoned residential.

The new law will provide an additional 125 acres now vacant for multiple dwellings.

During the many weeks of studying and preparing the groundwork for the new regulations, the City of Romulus has been operating under zoning law adopted by the old Township Board by an emergency order issued by the city council.

Under the new ordinance, the six square miles of Detroit Metropolitan Airport serves as the hub of zoning plans with commerce and industry around it. Homes and multiple dwellings are planned for the outer perimeter of the city, Charles W. Hazen, industrial coordinator for Romulus, reported.

A 10-day moratorium on building permits was issued by City Council shortly after the public hearing pending final approval of the new master plan. This is to be lifted this week, it was reported.

Supervisor resignation appears final this time

By HENRY CANTIN

The second resignation submitted by Huron Township's supervisor has been officially accepted by the township board.

In a special meeting held Friday afternoon, May 7, the township board voted unanimously to accept the handwritten resignation of Douglas C. Rhoads, 29, of 22150 Otto Dr., New Boston.

Late Sunday afternoon, Rhoads, at the request of his father, Ecorse Municipal Judge Carl Rhoads, was admitted into the Wayne County General Hospital for observation.

George W. Moore, township clerk, was immediately appointed acting supervisor. He will serve in this capacity until the township board appoints a successor or an election is set by the governor.

Moore in accepting the temporary assignment stated that he will not accept the appointment of township supervisor or run in any election for the post. He said that he would remain as township clerk.

Rhoads recently spent an unexplained 12 days in Washington D.C.

Following the receipt last Thursday of his resignation, mailed to the township by his wife, mother of two children, the township board to post notice of special meeting which was held May 7, to determine what action to take on the resignation.

A previous resignation submitted by Rhoads after a 27-day disappearance, was later repudiated.

He apologized and went back to work. At a township board meeting held on March 17 upon his return some 400 residents came to his support.

Upon receiving the second resignation from the supervisor, who assumed his first public office last November, Moore flew to Lansing to confer with Gov. Milliken's legal aide Kenneth Frankland to discuss Rhoads latest resignation.

Frankland said that he was given a copy of the resignation letter and informed of the meeting.

Frankland added that Moore came to Lansing to keep his office up to date on the Rhoads' matter.

The young supervisor, who left Michigan last February, reported on his return that he took a Florida trip to relax "nerves and pressure" from his job and family.

Moore reported that Rhoads has an emotional problem. "That's the only way you can explain it," he said.

Mrs. Douglas Rhoads, stated that he had mailed the resignation to her with instructions to mail it to the township hall.

She disclosed that when her husband returned the first time they had discussed his resuming the supervisor's post. If matters did not improve he said he would agree to resign.

"In my opinion the pressure was too much for him and he wasn't able to handle matters," Mrs. Rhoads said.

During the last few weeks, according to Moore and Township Police Chief Christopher Macielek, Rhoads

Council patience wanes over county police pact

By HENRY CANTIN

The Wayne County Sheriff's Department has been given a May 20 deadline to act on a 24-hour law enforcement contact made with the City of Romulus five months ago.

The city council's ultimatum to the sheriff's department was made at the May 4 council meeting when members of the council expressed dissatisfaction with the long delay in initiating contract terms.

The council's action also followed reports that the Sheriff's Road Patrol cars were not responding to scout car calls in the city as previously.

Councilman Ellis T. Pennington, who initiated the motion to set a deadline for "some action" by the Wayne County Sheriff, said:

"I am in favor of setting a deadline on the start of this contract. If not, we should start building our own police department. We have allowed to deteriorate. We are not acting in behalf of the city. I think we are neglecting our duty in our dealings on this contract. We act now or we start our development of the police department."

Councilman James C. Stewart, who supported Pennington's motion, commented.

"I am tired of sitting in limbo for five months. I am ready to move to build up our own police department. My contract from the sheriff's office said that the legal department was holding it up (city-sheriff contract). I will give them a week or 10 days. I am going to move to withdraw the agreement and start our own police department."

A motion to have the sheriff explain "why the five months delay" made by Stewart died for lack of support.

Pennington then made his motion which was approved unanimously.

Mayor Hyle J. Carmichael began an investigation to provide adequate police protection for the citizens of Romulus last December. It ended in the signing of the 24-hour law enforcement contract. He agreed to the council's action.

The council in approving Pennington's motion directed that a communication be sent immediately to Wayne County Sheriff William Lucas and John N. Savo, Jr., area representative on the Wayne County Board of Commissioners, informing them that if some action is not forthcoming by May 20 concerning the contract with the Wayne County Sheriff's Department, the City of Romulus will begin to develop

Computer does billing; to work on taxes next

The City of Romulus has placed its budgetary accounting on new computer equipment and has nearly completed automating its water and sewer billing, Mrs. Helen Gallien, finance director, disclosed Monday.

With the cooperation of the tax assessor, the city plans to bill its own taxes, using machine methods, by the summer of 1972.

The program was undertaken by the city's own staff, including bookkeepers Betty Martin and Gloria Barthlomew, who operate the computer and helped implement the change from hand system to computer. The staff undertook the change-over without professional advisors.

On May 25, 1970, when Romulus Township was incorporated into Wayne County's newest and 33rd city, the implementation of the finance department began.

One of the first activities was to install a computer which was the first automation of date processing to occur in the governmental unit's history dating back to 1835.

Assault charged to Romulus man

Eddie Buckley, 46, of 6342 S. Wayne Rd., Romulus, accused of assault with intent to do great bodily harm less than murder, will face a pre-trial hearing today (Wednesday) before 34th District Court Judge James B. Stone.

Buckley is charged by Romulus police with the shooting of John Wooden, 46, of 5025 Carnegie St., Romulus, on the afternoon of April 19.

Chief Koch and Sgt. Robert Taylor reported that their investigation showed that the shooting occurred at a location in the vicinity of Vinewood and S. Wayne Rd. following a reported argument relative to drinking from a bottle of whisky owned by the defendant.

The bottle of whisky was passed around among a group of friends, police said. Buckely reportedly objected to Wooden drinking from the bottle.

In an earlier report issued by the police, it was stated that the drinking occurred in the Community Poolroom, located at Vinewood and S. Wayne Rd. and the shooting occurred after Wooden left the poolroom.

However, further investigation by police showed, Chief Koch reported, that the shooting actually occurred elsewhere.

Dog owners feeling bite of ordinance

A city-wide canvass currently under way in the City of Romulus has resulted so far in the issuance of 279 tickets for pet violations, Police Chief Jacob J. Koch disclosed Monday.

The tickets all charged dog owners with not having their pets licensed by the city.

The enforcement campaign for compliance of the city's dog ordinance which started two weeks ago will continue for several more weeks, the police chief said.

A crew of five officers have been assigned to the dog canvass.

Four get subpoenas in sex education suit

Four Huron School District residents who are currently suing the Huron School District over an alleged sex education program have been served with subpoenas from the Wayne County Circuit Court ordering them to appear tomorrow for the purpose of giving oral despositions.

On April 9, the plaintiffs failed to show for the third time agreed upon by the two attorneys involved in the suit.

On the third occasion no reason was given for their failure to show, nor was the Board's attorney informed. He and a court recorder were present and waiting at the Board of Education offices, Hannan Road Elementary School.

According to Board President Carl Rush this cost the school district a considerable sum of money. Efforts are being made to recover the costs from the plaintiffs.

"It is bad enough that funds which should be used to educate the children must be used for the suit in the first place, but when it is wasted for no purpose whatsoever except the whims of the plaintiffs, it is time to take action", stated Rush.

"While we could legally refuse to go on with the suit until the costs were paid, we chose to subpoena the plaintiffs to assure their presence this time. Our attorney, Thomas Nordberg, has cleared the date with the plaintiff's attorney and he said he was available on May 13."

"Nothing should stop the progress of the suit from hereon in. We are anxious to clear this matter up. I cannot understand the reason for the delaying tactics of the plaintiffs," Rush added.

Say Homeowners officials

Airport opposition mounts

Opposition against the proposed expansion of the Willow Run Airport, Ypsilanti, is increasing "temendously" officials of the Van Buren Homeowners Association reported Monday.

The opposition is growing as more residents of Van Buren Township and the surrounding areas recognize the full impact on their lives and community if the Willow Run Airport is expanded from its present size, the officials reported.

The proposed expansion, disclosed by the Wayne County Road Commission operators of Metropolitan Airport in Romulus, would require acquisition of 1,840 acreas of Van Buren Township land which would become tax exempt, the association stated.

The acquisition would include numerous homes (200), plus two schools, the Quirk Elementary School and the North Junior High School in the area bounded by Beck Rd., Belleville Rd., I-94 Expressway and Van Born Rd.

The association contends that the proposed airport expansion would result in further loss of tax revenue for Van Buren Township because home development would cease in this area and the present residents would undoubtedly not relocate in the Van Buren area.

The end result could be detrimental to the community. The frequency of landings and take-offs of the large cargo planes would increase the noise level and the air pollution which is bad enough in this area, the association said.

It further disclosed that the Wayne-Westland Ecology Colation has pledged their active support to the Van

GLASS RECYCLING PROJECT - Romulus Senior High School students have started a city-wide campaign on collecting all sorts of glass items for recycling. The students ask residents to bring their discarded bottles and other unwanted glass objects to the parking lot at the high school on Saturday from 9 a.m. to 5 p.m. It will be shipped to the Michigan State Fairgrounds for later recycling. The students filling the barrels for shipments are (from left) Chris Cullen, Jack Jaroszewski and Campaign Chairman Joseph Bledsoe.

Chamber offers ideas for Romulus businesses

The Central Business District for the City of Romulus should include an area on Goddard Road from Wayne Road on the east to Five Points Road on the west, the Business District Committee of the Romulus — Metro International Airport Chamber of Commerce reported.

The downtown area designation was recommended at the April 26 meeting of the Romulus Chamber of Commerce held at Progressive Hall. The present downtown area embraces a small section of Goddard Rd.

Committee Chairman Lee Kalota reported that the chamber has formed the committee to help businessmen in the city improve the downtown business district and let the businessmen know that the chamber is willing to offer assistance in regards to improving establishments.

Vice Chairman Charles W. Hazen gave a general discussion on the progress the city has made from Township to present, and the present and future developments for the city.

George Peek, planning consultant for the city, suggested that the businessmen visit other areas with similar situations and suggested several improvements in off-street parking, sidewalk improvements, attractive window displays. He said the most important thing is to encourage other proprietors to fix up their establishments.

Bob Wade, city engineer, suggested at the meeting that Peek assemble a portfolio for the group so that the group would know what to look for when visiting surrounding neighborhoods.

Louis Blitz, from the L.M. Variety Store, said the group should consider more parking areas to bring in better business and suggested that the present city hall at 36572 Goddard Rd. be demolished for that purpose.

It was the general consensus at that meeting that improvements are needed and a hospitality committee be formed.

The following members were nominated: Louis Blitz, Dr. Ray Ellwart, Carl W. Morris, Edward Hammel and Leo Kelotz. This committee will meet May 28 at 8:30 a.m. to discuss the procedures the committee will follow in contacting establishments in the city.

The next meeting of the Romulus Chamber will be held at the Progressive Hall on May 27.

Emerson heads fight for millage increase

Justin Emerson, 140 Madelon St., Belleville, has been appointed chairman of a newly created Citizens Election Committee by the Van Buren Board of Education.

Emerson was named to the post at a school board meeting Monday. He accepted the appointment.

Emerson is manager of the Belleville office of the Detroit Edison Company and former president of the Belleville Area Chamber of Commerce. He is currently active in chamber programs.

The head of the new committee is well experienced in election campaigns for the school district.

He speadheaded a campaign for additional school operating millage in August, 1968 and again in March in a millage renewal.

The school board also named a committee of three to act for the school board in dealing and working with the Citizens Election Committee.

Board President Charles W. Bole appointed Dr. Richard Muse, Chauncey D. Schweigert and James Sayres, board members to the committee.

The new Citizens Election Committee will campaign for the three mill increase from now until June 14 school election.

Council approves sewer extension

The City of Romulus has approved participation on water and sanitary sewer extensions in a section of the Detroit Metro Airport Industrial Park.

The Norfolk and Western Railway Co., owners of the industrial park, seeks to develop 120 acres in the east portion of the park.

The city has agreed to enter into an agreement for the sharing (25 percent paid by the city) of the water and sanitary sewer installations costs with the railway according to terms of a contract to be entered by the city and railway.

The city engineers, Wade, Trim & Associates, have been ordered to commence operations for the development of water and sanitary sewer extensions.

The council instructed the engineers not to start actual installation operations until the city has received final written word from the railway that in the event the total project costs exceed the $200,000 specified in the contract, the railway and the city will share equally in the added cost.

Lane services set for tomorrow

Funeral services for Robert T. Lane, Jr., 22, who was one of four persons killed in a two car accident last Saturday night in Algonac, will be held tomorrow at 9:15 a.m. at Lents Funeral Home., Inc., Wayne.

COMPLETE LINE OF MONUMENTS & MARKERS

Do you have any questions on funeral customs and procedures? Come in or write to me for an answer.

Q. I was discharged from the Armed Forces several years ago. Will the Veterans Administration reimburse my family for "Burial Expenses" if something were to happen to me in the future?
Mr. Robert Brenner

A. Yes, Veterans Administration pays an amount, not to exceed $250.00, towards the "Burial Expenses" of a veteran. In addition, and this is seldom brought to the family's attention, the administration should supply a U.S. flag for burial and the choice of either a Granite or a Bronze marker for the grave at the cemetery.

Community Events

The Romulus Veterans Of Foreign Wars (VFW) Post No. 9568 is again sponsoring a Memorial Day parade on May 31.

The parade will begin at 9 a.m. at Five Points in Romulus.

All interested groups are welcome to participate in the parade. For information contact the Romulus VFW Post.

Top scholars named at Huron High School

The two top scholars of the 1971 graduation class at Huron High School were named Monday by School Superintendent Bryon K. Antcliff.

The valedictorian of the 1971 class is Miss Diane Gall, 18, daughter of Mr. and Mrs. Fred Gall of 17925 Huron River Dr., New Boston. The salutatorium is Miss Ilene Fleszar, 18, daughter of Mr. and Mrs. Stanley Fleszar of 18356 Hannan Rd., New Boston.

Graduation ceremonies this year will be held at the Huron High School Gymnasium on June 9. There will be 149 students in the graduation class.

Diane's cumulative grade point average was 3.927 out of a maximum grade point of 4. She has been class president for the last three years.

She is also active in FTA, Bachelor Club, National Honor Society and Huron High School's marching and concert bands.

She has been awarded the title of Miss DAR of Huron High School and also received a Board of Trustee's Scholarship from Michigan State University, which she will attend in the fall.

Diane plans to major in music.

Ilene has final grade point average of 3.846. She also has been active in FTA, Student Council, Bachelor's Club and Pep Club during her four years at Huron High.

She has held offices in the National Honor Society and in her class.

For the past two summers, Ilene has joined other girls from Huron High to participate in volunteer work at the Annapolis Hospital, Wayne.

Next fall, Ilene will attend Michigan State University. She plans to major in nursing.

Man receives life sentence

A mandatory life sentence for first degree murder has been given to a 50-year-old Romulus man.

Sentenced by Wayne County Circuit Court Judge Horace W. Gilmore was Willie Simmons of 6317 Edmund St., Romulus. He is confined to Jackson State prison.

Simmons was convicted by a jury last month of the stabbing death of Calvin Howard, 47, of 34004 Beverly Rd., Romulus, on Dec. 10.

The two men had apparently been arguing over whether Howard should have been visiting Simmons' estranged wife.

The fatal stabbing occurred in a party store below the room Howard rented at the Beverly Rd. address.

Simmons claimed self defense after the man pointed a gun at him.

Mayor sets month for Muscular Dystrophy

Romulus Mayor Hyle J. Carmichael has designated the month of May 15 through June 15 as Muscular Dystrophy Month in the City of Romulus.

Local volunteers in Romulus will be conducting their annual house-to house march known as "Dystrophy's March Against Time" on Tuesday, June 8 from 5 to 9 p.m., the mayor reported.

He added that the efforts of the Romulus volunteers will enable the continuation of vital services without charge to patients and or their families.

Some of the services provided are specialized clinic care, physical and occupational therapy as well as the purchase of wheelchairs, braces and other orthopedic equipment designed to maintain life until a cure is found.

Miss Elvera Fischer, is the 1971 volunteer chairman. Persons wishing to assist can call 399-8800.

Mayor Carmichael's proclamation follows:

Whereas Tragedy has been wrought in the homes of many of our citizens through the ravages of a mysterious and dread disease — Muscular Dystrophy, and

Whereas Muscular Dystrophy has stricken untold numbers of Americans, a majority of them being children, and has doomed them to a complete crippling and untimely death, and

Whereas These victims derive comfort and hope from M.D.A.A's comprehensive program of patient care and research, and

Whereas The only hope for defeating this dread disease lies in the extensive medical research program being conducted now and financed by the contributions made to the dedicated volunteers as they conduct the annual house-to-house campaign known as "Dystrophy's March Against Time"

Now therefore I, Hyle J. Carmichael, Mayor of Romulus do hereby proclaim May 15 through June 15, 1971 to be "MUSCULAR DYSTROPHY MONTH" In Romulus and urge each citizen, as he is able, to join with the Muscular Dystrophy Association of America, Inc., in the fight to find the cause and cure of this relentless crippler, hoping all the while that we may not be too late to spare many who are already afflicted.

Resignation final

(Continued from Page 1)

alledgedly committed the following actions:

-Commandeered the township's only serviceable police car for an entire day, leaving policemen afoot.

-Took a car from a Southfield Southgate dealership on the pretext of giving it a test drive and did not return it until the next day, after police had been notified. Several pieces of township mail had been left in the car.

-Displayed a pistol and threatened several citizens including a policeman and two members of the township board of trustees.

-Left For Washington April 21 saying only that he wanted "to get some information on federal grants for Huron Township" and that he would return April 25. He did not return until last Monday.

Mailed a letter from Washington to Moore saying: I, Douglas Rhoads, hereby resign as Huron Township Supervisor."

Moore reported that Rhoads told him last Monday to disregard the resignation. He has not been seen since.

Moore added that he did not know why Rhoads went to Washington and that he knows of no federal grants to Huron Township that are pending or under consideration.

Youth project okayed

The Romulus Community Relations Council has given support to the Wayne County Intermediate School District's Neighborhood Youth Corps Project.

Funded by the federal government, the project is aimed at giving work experiences to high school youth and instilling good work habits that will enable them to obtain full-time employment after graduation.

The young people work between 6 and 10 hours a week during the school year and four days a week during summer. They are paid $1.60 per hour.

Part of the project is a weekly guidance class, devoted to discussion of work experiences and other matters pertaining to full-time employment later.

In endorsing the program, Mrs. Elvira Fisher, chairman for the Council, asked area businessmen and industrialists to consider participation in the project.

For more information, contact Floyd McClendon, program coordinator, at the senior high school, 941-2170.

PTA's meeting to be special

The Hayti Elementary School PTA will have a varied program for its last meeting of the school year Monday.

Starting at 7 p.m., it will feature performances by the instrumental and vocal music students of Mrs. Sue Scofield and Mrs. Shirley Germaine.

Recognition will be given to student librarians, safety boys, milk boys, and those who help with the projector.

Two special money awards will be made to students who have shown excellence in the fields of art and music. There will also be a drawing for special prizes to go to those whose names are drawn from an attendance box.

At each regular PTA meeting during the year, those present place their names in a box for drawing at the last meeting. Only those attending on Monday night will be eligible to win.

Summer program head selected in Van Buren

The appointment of Bryan Killingbeck of Romulus as the director of Van Buren Township's Summer Recreation Program by the Van Buren Township Recreation Commission has been announced.

Killingbeck, who resides at 11993 Olive St., will direct a six week expanded summer program for township youth at a salary of $1,500.

The township board has approved an appropriation of $5,100, an increase over last year's $4,000 for the recreation commission's first summer program.

Killingbeck is a graduate of Eastern Michigan University. He holds a Bachelor of Science and Master of Science degrees. Both degrees major in biology. He is single.

During the summer of 1970 he served as counselor in the Van Buren Recreation Program. During 1967-1969 he was a Seasonal Park Naturalist at Lower Huron River Park, Belleville.

His duties at the park included lectures, field trips, taking care of the nature trail and setting up building displays.

He taught biology and earth science at West Junior High Taylor (1964-1971) and served also as department head and club sponsor.

He taught science and biology in the Wayne evening Youth Program (1969-1971) program for dropouts and problem students who wish to work toward a high school diploma.

He also participated in the Continuing Education Program at Wayne Memorial High School as a teacher.

In 1970, as one of the counselors at South Junior High School, Belleville, he worked with youth ranging in ages six through 15 in the school's summer recreation program.

Revival

The Church of God of Prophecy, 7201 Kempa St., Romulus, will begin a revival tonight (Wednesday) at 7:30 p.m.

Rick Gilman, young evangelist of Royal Oak, will conduct the service through Sunday, May 16.

Rick, a former drug addict, is state youth director for the Church of God of Prophecy.

its own police department and not enter into a contract with the county.

Following the city's signing of the contract five months ago, the Romulus Police Officers' Association, sole bargaining agent for the present 10-man police force, filed a suit in Wayne County Circuit Court seeking dismisal of the five-year contract, the first year of which is to cost the city $348.000.

Under the agreement, present members of the city police force would be transferred to the sheriff department with all of their seniority and rights protected under the contract.

The association sought an injunction but the court declined to issue one pending a hearing on the merits of the court suit.

In December, the Wayne County Board of Commissioners ordered a careful study of the contract provisions since its was to be a model for future agreements.

The commissioners referred the proposed contract to three county agencies for analysis and recommendations. They are The Board of Auditors, the Civil Service Commission and the Wayne County Prosecutor as legal advisor to the board.

No official action has been reported since, it was disclosed.

Airport reported growing

Buren Homeowners Association's drive.

A new group now forming in Canton Township has offered to merge with the Van Buren Homeowners Association.

On May 5, an open meeting was held, sponsored by the UAW at Region 1E UAW Hall, located on Telegraph near Wick road, to explain to the membership the airport expansion and the impact this would have on surrounding neighborhood and the economic development of the area.

The meeting was attended by various homeowners associations as well as the COPE and CAP members.

The association reported that Michael Berry, head of the Wayne County Road Commion, failed in his attempt to explain the situation and to muster support from the above organizations.

Berry's failure, the association stated, was due primilarly to the attendance of the well informed Romulus Homeowners Association members, who explained to the audience the adverse effects on Romulus since the airport in this area was expanded to its present size.

The Van Buren Homeowners Association believes that the general public should be well informed on developments in their township which would affect the economic and ecological situation of its citizens.

Therefore it is urging all concerned citizens to attend a meeting which will be held at 8 p.m. Monday at the Belleville High School Auditorium.

Representatives of the Wayne County Road Commission will attend to explain the proposed airport expansion.

"Now is the time to have your questions answered concerning the Willow Run Airport expansion," Jack Parsons, association officials said.

Inkster could improve on Detroit ordinance

Inkster's City Council is currently studying a proposal to adopt the City of Detroit's recent ordinance relating to gun control.

The proposed was submitted to the council with the recommendation that Inkster "follow the lead" of Detroit's Common Council.

Detroit is in no position to lead any other Michigan community in the area of crime control. Detroit has gained a reputation for its ramapant and uncontrolled crime situation.

While we share Detroit's concern about the misuse of firearms, we do not feel that their ordinance offers any solution to the problem, especially that of Inkster.

It is obvious that something must be done in the area of gun control, but whatever must be done must go further than Detroit's proposal and it is incumbant upon the Inkster City Council to do that something.

While the proposed ordinance would impose additional responsibilities upon the city's already overworked bureaucracy, it does not promise any effective solution to the misuse of handguns.

We hope that the Inkster City Council sees its responsibility clearly and comes up with some original legislation capable of dealing with the problem.

No one wants to see Inkster become another Detroit and the best way to see that it doesn't is to not follow that city's lead. For Inkster to copy Detroit's solutions is only to adopt its problems.

We call upon the Inkster City Council to take the lead in this issue and save its city from Detroit's date.

In years gone by...

A look through The Daily eagle files at news of Western Wayne County one, 15 and 25 years ago:

25 YEARS AGO

May 12, 1946 — Registration of constitutional voters in School District 9 is now being conducted at the Board of Education offices and the various schools throughout the district, it was announced.

All constitutional voters are eligible to vote at a school election, but they must be registered with the district.

School District 9, battling to solve student congestion problems, carried their fight to acquire the Wayne Park Housing Project for use as administration offices and possibly schoolrooms, directly to President Truman.

Business Manager Robert Baum and Postmaster Donald Howell in a rush visit to the Capitol after negotiations with Detroit and Cleveland offices of FPHA and NHA failed to halt a plan to remove the local housing project to Ohio, contacted national chiefs of these projects for the locality. In Washington, they were joined to Congressman Lesinski who aided their efforts, finally drafted a letter requesting Presidential action.

The Green and White, fresh from their 42 to 9 victory over Plymouth last week continue their assault when they play the second of a four game series with Plymouth, on the local field.

Later on in the week, Coach Hammond has scheduled a game with St. John's Lutheran.

The coach was pleased with the pitching of the regular five man staff in the Plymouth game, with Davis, Albear, Feeback, Mason and Wilson stopping the opposing batter with one lone single in six and two thirds innings.

15 YEARS AGO

May 1956 — The tornado held down attendance at the Teen dance to slightly more than 100. Judy Reuter, May Teen Queen was host to the smallest crowd to attend these dances since they began.

With five students winning awards in the 12th annual American Automobile association national safety poster contest, the Norris School in Wayne is showing the way to other schools in the system.

Norris art students under Mrs. Jean McLeod submitted six entries to the contest which was judged in Washington, D.C. by a national panel of judges. From among the 8,500 entries from United States, Canada, Puerto Rico and the Canal Zone, the Wayne group drew three cash awards and two "certificates of commendation."

River Rouge takes over the spotlight. Following the pattern set last season — Inkster cops every crown in sight but falters in the Regional Meet.

There were several factors that decided the meet in Rouge's favor. The Panthers were too strong in the field events. Inkster lacked the depth that Rouge had in copying the third, fourth and fifth places and the Vikings missed the services of Charles Colloway in some of the events.

Inkster was nosed out in the final count, 64-60, with Romulus' 22 points good for a third.

May 12 — Donald Musser, whose left arm was severed in an accident last October and reattached by University of Michigan doctors, is now home and in excellent condition.

The arm is living and viable and the bone has grafted but doctors say it will be at least a year before they know what degree of function will be restored to it.

Elections coming together

By EDWARD E. MAHALAK
STATE REPRESENTATIVE,
38th DISTRICT

Michigan has a number of new laws on the books, all of them bills recently approved by both Houses of the Legislature and signed by the Governor. As of the present there are now 13 public acts of 1971. As the Legislative session continues, there will be scores more.

The three latest ones are a package of bills which make it possible for local school districts and community colleges to hold their elections at the same time as city elections.

This was done by making amendments in the school code and the community colleges section of the school code. These new public acts will mean a greater convenience for voters and a potential savings in election costs.

Another new law permits the purchase of license plates by personal check, rather than cash. This act goes into effect on July 1. It will be both a convenience to citizens buying vehicle plates and a factor which should reduce chances of robberies and thefts at Secretary of State branchoffices.

One of the new laws removes language from this year's School Aid Act which some educators felt could be interpreted to restrict the amount of revenue per pupil that a school district - could raise for operating purposes. Removal of this secion of the act will avoid confusion and possible litigation.

Other new Public Acts:

Allow State-Chartered savings and loan associations to hold funds under trust, as authorized by the federal self-employed retirement act, and to make third party payments for members from their savings accounts and deposits.

Permit a person to disclaim an inheritance and not be liable for inheritance taxes.

Clarify a 1970 law which authorizes intermediate school districts, with the permission of voters, to construct facilities for the trainable mentally handicapped.

Meanwhile, both Houses have approved another measure which will make more funds available to avoid a state general fund dificit this fiscal year. This latest bill, which has been sent to the Governor, advances the due date for corporate income tax quarterly payments from July 31 to June 30. Thus the payments will fall into the present fiscal year instead of the one that starts July 1. It is estimated that this will bring in some $25 million in additional funds to balance the budget for this fiscal year.

Earlier, the Legislature authorized the transfer of $15 million from the motor vehicle accident claims (uninsured motorists') fund to the general fund.

These, together with budget cuts, austerity moves and other actions were necessary to prevent a dificit of some $158 million in the general fund at the end of the present fiscal year. The State Constitution prohibits such a deficit.

One bill recently passed by a close vote in the House created considerable controversy and will probably be subject to a second vote before it is sent to the senate. It tightens controls over what a candidate can do in a political campaign.

The bill would make it a misdemeanor for any candidate to make untrue statements about any other candidates. The burden of proof would be on the candidate who makes the statement.

Guilt would be punishable by as much as a year in jail and a fine of as much as $1,000. Also, the guilty candidate would be declared ineligible for the office he was seeking.

The bill received 56 votes which is the exact number needed to pass a bill in the House. Opponents said they would ask that the vote be reconsidered.

Co-op program begins

By MRS. JANET LINN Cooperative Education Teacher Van Buren Public Schools

Vocational Education students at Belleville High School are currently engaged in applying for positions in the Cooperative Occupational Training Programs, or Co-op, for 1971-72.

The Co-op Program is based on the theory that on-the-job training, coupled with in-school, related job instruction, is of more value in certain areas of study than the more traditional methods of book-learning.

Co-op students must have a sincere interest in pursuing careers in one of the three available areas of instruction. These are Distributive Education, Office Occupations, or Trade and Industry.

Distributive Education is designed for students who are interested in the retail, wholesale and service trades. Dean M. Payne is the teacher — coordinator who has the responsibility for placing his students in a variety of retail jobs.

In the Office Occupations area, students are employed in a variety of clerical jobs, some doing highly-skilled secretarial work and other doing general office tasks. I am the teacher-coordinator for this program.

Bill Nagy is presently hard at work formulating a new dimension to the Co-op Program — Trade and Industry. This will be offered for the first time in the fall of 1971.

The Trade and Industry program will encompass four major areas: Machine Technology, Auto Body, Welding, and Auto Mechanics. Nagy will coordinate his activities from the new Vocational Tech Center on Sumpter Rd.

The Co-op Program means more to the student than just a part-time job. The work experience is provided by the employer after a conference with the coordinaor, according to a training plan designed for each individual student.

The work experience is then reinforced in school through a specialized class called Co-op Related. This class is taught by the coordinator and provides instruction that relates directly to the student's job. Area employers who are presently participating in the program, as well as their student employees are:

Alton P. Shirley, Attorney at Law, Ballard's Florist, Bel-Hi Restaurant, Belvil Community Hospital, Bud's T.V., Cloverdale, Foodville Super Market.

Gambles, Great Scott, Hamilton Hardware, Household Finance Corporation, Huron Valley Advisor, Hydra-Matic, General Motors, K-Mart.

Kirk's Drugs, National Bank of Detroit, Trilex Corporation, Belleville United Presbyterian Church, Van Buren Public Schools.

Walt's Market, Ypsilanti Federal Credit Union.

Marilyn Fischer, Gerry Rhodes, Paula Bauman, Arleen Taylor, Amos Johnson, Cindy Burke, Evon Fox, Ron Barber, Richard Hillmer.

Monda Waddell, Marilyn Gdula, Tom Campbell, Christine Harris, Jim Kalasz, Margaret Memering, Jeff Eldred, Lydia McCrary, Jeanette DeMond, Brenda Phillips, Mary Lou Simmons.

Ruth Runyon, Deborah Cloyd, Pamela Meister, Faith Florian, Dora Allred, Patricia Garry, Christina Johnson, Connie Krajewski, Marla Milton, Debra Mosey, Melissa Pelarske, Julie Tkachuk, Debra Vacek, Wayne Erhart and Janice Ostrowski.

What do the Co-op Students themselves think of this unique curriculum? Well, according to a recent survey taken of these students, 92 percent rated their program good or excellent.

To further voice their approval, the classes recently held a banquet at the Flaming Pit Restaurant in Ann Arbor to honor their employers, the Board of Education, and school administrators, who make this experience possible.

Editor's note: The following letter was received after the appointment of a summer recreational director by the Van Buren Recreation Commission last week. The new director is presently preparing an extended summer recreational program to be announced soon.

To the editor:

I read where the Van Buren township is taking applications for a Summer Recreation Director. What is he going to direct? All the little leagues have their own directors and managers, who donate their time without any thought of pay.

I think the township personnel should wake up and start doing things for the young people too. You have a chance to buy a large piece of land which has swimming, fishing, halls for the teen-agers to hold dances and parties. Land for the little leagues to hold their games on, also picnic grounds for the families to enjoy. What more could you want?

There was a letter in the Enterprise not to long ago from a teen-ager asking for a youth center.

Wake up, Van Buren, lets get something started besides talk and a director with nothing to direct.

Prisoners' one hope is being remembered

To the editor:

In the April Readers Digest on page 67 is a report, "Inside the Prisons of Hanoi," by Louis Stockstill.

Here at home, private citizens and concerned organizations are reacting with growing impatience to North Vietnam's inhuman treatment of our prisoners. Public denouncements, mounting press attention, resolutions in the U.S. Congress and the United Nations, letter writing campaigns and many similar efforts.

There is evidence these are beginning to have an effect. But conditions are still deplorable. You can show your concern over Hanoi's treatment of our prisoners or war by signing the statement below page 72, "Help our POW's Do It Now." Do it now! Who cares, American Red Cross, P.O. Box 1600, Washington, D.C. 20013.

Red Cross will tabulate the responses and see that your message gets to the government of North Vietnam. Don't wait. Sign and mail you letter right now then call a friend and ash him or her to do the same.

The one hope these prisoners have is that their fellow Americans will not forget them. Pray three times a day that the Christian Chain of Prayer will loosen their chain of bondage. God will set them free.

We ask this in the name of the triune, God Father, Son, Holy Spirit. Amen.

Defensive driving can reduce fatalities

To the editor:

Good defensive driving could reduce accidents to zero on the board. Photo by The Daily Eagle (May 5) of Mayor James W. Lowe of Garden City and Capt. A.J. LaVigne.

The greatest killer in the nation is the men behind the wheel in the cities and on the highways. The National Safety Council has the facts. Over 50,000 lives have been lost in 1970 by bad driving.

The monumental tragedy that faces our nation today is not pollution, mercury in fish or returnable bottles. It's the slaughter on our highways. Drive carefully.

Student industry receives its fair reward

INDUSTRIAL ART HONORS — Belleville High School students won various honors and awards in the recent Michigan Industrial Education Society's Awards contest. Above is an American Hutch of Birch and Birch plywood made by Rick Knysz, 39595 Huron River Drive.

The Belleville High School Industrial Education Department displayed some of its projects at the Michigan Industrial Education Society Regional Fair which was held at Gibraltar's Carlson High School. The awards were sponsored by the Detroit News.

The purpose of this competition is to encourage and recognize fine craftmanship in the field of education.

The awards program is aimed at stimulating the interest and progress of junior and senior high school students.

The Advanced Woodworking classes displayed some seven projects; one received first prize, two placedsecond, three received third and one received an honor award.

Students taking part in the regional competition and their entries are as follows: Tom Branscomb, octagon table; Robert Brown, Barrel chair and desk; Richard Knysz, hutch and octagon table; David Remus, octagon table and clock; and John Thompson, wood turning.

The first and second place winners will be displayed at the State Competition in Lansing, May 13, 14, and 15.

The machine technology class displayed ten projects and five of these received first prize awards, one received a regional honor and one placed third.

Students who entered were as follows: Fred Reese, pool cue; Dave Remus, mill wiggler; Larry Wolfe, desk lamp; John Osborne, power hack saw; Dale Burger, desk lamps; Jerry Merritt, surface gauge; Henry Lobbestal, master block; Leonard Palnau, Center Drill Holder; Chris Lambert, C clamp; and Ron Haynes, center drill holder.

The young men who displayed their projects since they did all their own work.

William Nagy, instructor in machine technology says, "In addition to completing the projects, the students are also learning many new machine operations that will be useful to them in the trade industry."

ONE OF THE BEST — Belleville High School student John Osborne with instructor William Nagy of the high school's Industrial Education Department viewing Osborne's entry in the recent regional fair of the Michigan Indsturial Education Society. The entry was a power hack saw. The next exhibit for the project will be at Lansing May 13, 14 and 15.

INDUSTRIAL EDUCATION DEPARTMENT DISPLAYS PROJECTS — Belleville High School Industrial Education Department students' projects entered in the recent Michigan Industrial Education Society Regional Fair won various awards. Displayed are just a few of the entries. The students are (from left) Fred Reese, David Remus, Larry Wolfe, Dale Burger and John Osborne. Not in the picture are Jerry Merritt, Henry Lobbestal and Leonard Palmar.

Parade is planned

The Romulus City Council has granted a no-fee parade permit to the Romulus VFW.

The Romulus Post of the VFW will again sponsor a Memorial Day Parade, May 31.

The council also granted permission to the local veterans organization to hold its annual Peppy Sale the week of May 30th.

Drivers training courses starting

Counselors at the junior high schools of the Van Buren School District are currently engaged in registering students for the summer driver training course.

The training course is offered during the summer months for students in the school district who are 15 years or older.

Qualified instructors provide classroom instruction in operation and safety on the highways. Behind the wheel, on the road driving experience is also given, by well trained instructors.

Successful completion allows a youngster to apply for his driving license when he reaches the age of 16.

The 1971 Wayne State University track team was undefeated for the second straight season in dual meet competition.

It's nothing that an FHA home improvement loan couldn't fix!

A little paint, some new siding, the lawn cut and before you know it the place will look like new again. What's that, "home improvements cost money." Don't be frightened. With an FHA Home Improvement Loan, you can borrow up to $5,000 for 7 years, with no money down.* So go ahead, look the place over, and when you've made a list of your needs, pick up a phone, and Phone-a-Loan®... dial 388-0300. That's right, you make the call. We do the leg work, and before you know it, your FHA Home Improvement Loan will be waiting at the branch nearest your home. Phone-a-Loan®... a bright idea guaranteed to make home improvements easier.

Motion by Oakley, supported by Block, to obtain a combination transit level and direct the Building Department to check grades after they have been established by the City Engineers and to adopt Resolution No. 112.

RESOLUTION NO. 112

WHEREAS: The Romulus City Council deem the health, safety and welfare of its citizens its main responsibility, and WHEREAS: The establishment of grades for the various individually constructed homes, as well as homes constructed in mass, commonly referred to as subdivision, is a mandatory requirement for the protection of the welfare of the citizens of Romulus.

THEREFORE BE IT RESOLVED: That the following is hereby adopted as part of the Building Department regulations for the City of Romulus and this resolution shall become effective upon publication.

A) Residential lots.

1) The owners, builder or developer submits to the Romulus Building Department four copies of the site grading plan, prepared by his engineer, with the application for building permit.

2) Three copies of the proposed site grading plans are forwarded to the City Engineers for review — site inspecton required.

3) One copy of site plan returned to Romulus Building Department with recommendation for approval or disapproval (corrections marked in red on site grading plan as required.)

4) If step 3 is recommended for approval and the Building permit is in order to be issued the builder should request building grade stake. The request should be made to the Romulus Building Department. Three days notification required.

5) The inspection copy of the building permit should be forwarded to the City Engineers. The finish grade of the proposed house is transferred from the approved site grading play to a grade stake.

6) The builder requests a building grade inspection after the basement is constructed or block is brought up to grade and backfilling, as required, is complete. Three days notification required.

7) The inspectors copy of the building permit should be forwarded to the City Engineers. The building grade is checked by field crew (normally approved if within the range of 1-½ inches below to 1½ inches above proposed finish grade, however, there may be exception.)

8) Upon completion of finish grading of the site and before Certificate of Occupancy (C.O) is issued, the builder requests a compliance inspection. Three days notification required.

9) The inspection copy of the building permit is forwarded to the City Engineers. Field crew checks general grading, and the City Engineers returns 2nd copy of approved site grading plan to City with final elevations indicated thereon. If approved, C.O. can be issued.

10) In the event a home is completed during a season of the year that does not allow final grading of the lot to be completed, a temporary C.O. can be issued to allow the owner to move in. The builder shall deposit a $250.00 cash bond to insure final grading and all grading shall be complete by May 25 of each year.

B) Subdivisions

1) A subdivision development may submit a master site grading plan containing all information indicated on the information site grading plan sketch except the size and location of the proposed house. Finish grade of all proposed homes must be shown.

Spring series goes on

Folk singer-guitarist Danny Cox will make his first appearance at Schoolcraft College Saturday, continuing an exciting Spring series of performances by the Student Activity Board.

Cox, according to the Washington Evening Star, "is a thoroughly polished performer, exciting and talented, with the rare charisma that transforms a night club audience from a passive group into a cheering society that calls for more .. Danny Cox, in the parlance of today, does it all."

Much of Danny's success is undoubtedly due to his attitude toward music: "I present the things I feel concerned about, try to make the audience aware of what's happening and why. I don't really tell them, just try to show them things."

"It's hard to say what kind of singer I am", says Cox, "I've got this classical thing in my fingers which I have no control over .... the treble lines are often blues, but the bass lines always end up being classical."

Tickets to the 8 p.m. performance are $2.50 and can be purchased from the Student Activities Office in the Waterman Campus Center. They are for sale at the Village Green in Wonderland, Grinnell's at the Livonia Mall, and the Little Professor Stores at the Sheldon Center and Plymouth.

Prior to Schoolcraft, Cox's current tour has taken him to the University of Nebraska and Eastern Michigan University.

THE LAST CALL - The curtain call for "Come Blow Your Horn" was the last of the season for the WesPAC performers of Garden City West High School. In the first of the two curtain calls for the play by Neil Simon, the students taged a still scene - the actors froze in character representations. In the picture (above) are performers (from left) Joan Kamplinski, Debbie Frosschheiser and Marty Blaney. Performers in the picture (below) are (from left) Bill Skinner, Judly Closser and Mark Willett.

'Trial' is tops so far at Fisher

Zev Bufman and Claire Nichtern present "The Trial of A. Lincoln," a pre-Broadway production of a drama in one act by James Damico, directed by Milton Katselas, sets by Peter Wexler, lighting by Thomas Skelton costumes by Noel Taylor. At the Fisher Theatre through June 5 with the following cast: Henry Fonda, Moses, Gunn, Billy Dee Williams, Lee Philips, Lance Taylor Sr., Tom Brennan, Conrad Fowkes, Jimmy Pelham, George Harris II, Ted Gehring, George Wyner.

By HOWARD ALLEN
Eagle Drama Critic

There were literally riots when Ibsen introduced realism to a shocked world and contemporary audiences can remember the initial reactions to "The Deputy" and "Hair." So it should come as no great surprise to note that James Damico's new drama, "The Trial of A. Lincoln," trying out at the Fisher prior to a fall Broadway opening, was greeted with walkouts and with hisses. Important theater has never hesitated to be controversial.

And, although flawed by a rather melodramatic ending, "The Trial of A Lincoln" is powerful and impressive theater; its points land with far more impact than many other subtler statements on the question.

In the basement of the police station of a large American city - a magnificent crafting of wireworks by designer Peter Wexler - the force of a racially mixed precinct has gathered, a force which has come to blows, sparked by years of constract frictions which flamed when a black militant policeman called Abraham Lincoln a racist.

In a city set to explode, with a police force brawling among itself, a psychologist convinces the young, flamboyant mayor that the breech can be healed only if the policemen vent their emotions. He suggests a psycho-drama in the guise of a trial, with the personification of Lincoln sueing the militant policeman for slander. The assistant commissioner, a Lincolnphile assumes that role while the black chief inspector, who studied law, defends the militant.

Historians agree there is much myth about Licnoln. The Civil War of course was not fought over slavery but over the division of the Union. The Emancipation Proclamation did serve the ends of uniting a dissident north and keeping England and France from supporting the South by giving the war the guise of a holy war.

Gradully Lincoln emerges as what the contemporary black militant would call a more dangerous liberal than contempoary ones, because the myth of Lincoln "has kept the black man from self-revelation." Ultimately the guise of the trail stirps away and a more personal confrontation is set up. But the resolution is a highly melodramatic riot, far too theatrical for this highly-realistic piece, taunt in its one-act, 90-minute presentation.

Henry Fonda is superb as the Lincolnphile who recreates the role of Lincoln - folksy, with a never losing his inherent dignity, yet ever with a sense of purpose.

Equally vigorous is Moses Gun as the militant's lawyer, whose confrontation with Lincoln leads the two to reveal unexpected depths of bitterness they did not know existed. Billy Dee Williams portrays the militant, a college graduate who assumes the illiterate, jivey talk of the ghetto to reject the white culture and struts in a dashiki, as a more surface character, but utterly colorful and authentic.

Milton Katselas' staging is alive and compelling, bold and certain. The play is one short surge of power which speeds to its final misfiring when the author is unable to resolve his conflict without historionics. "The Trial of A. Lincoln" is still the most excitement the Fisher has seen this year.

Cabaret concert tonight

The Detroit Symphony Orchestra's Cabaret "Pops" series at the Detroit Light Guard Armory, 4400 East Eight Mile, will enter its second week with a program tonight at 8:30 which will feature conductor Richard Hayman.

Hayman was invited to return for the concerts following the success of his "Pops" appearances last year. Tenor John Miles will make his symphony debut.

Hayman, chief arranger for the Boston Pops Orchestra, will conduct a program entitled "America the Beautiful" and songs arranged for orchestra will include "America the Bautiful," "Dixie", "Three Pioneer Dances", "Shenadoah", "Savannah River Holiday", "Deep in the Heart of Texas", "Chattanooga Choo Choo", "I Left My Heart in San Francisco", "St. Louis Blues March" and "Servicemen on Parade".

Tickets for the Cabaret "Pops" Concerts are available at the Ford Auditorium Box Office (961-0700) and at all Hudson's (CA3-5100) and Grinnell's (961-5075) stores. For further information about the Cabaret "Pops" Concerts phone 961-0700.

'Wuthering' has beauty but it's soon forgotten

American International Pictures presents a James H. Nicholson and Samuel Z. Arkoff production, "Wuthering Heights," screenplay by Patrick Tilley from the novel by Emily Bronte, executive producer Louis M. Heyward, music by Michel Legrand, directed by Robert Fuest. Movielab Color. Rated G. 105 minutes. At the Quo Vadis Penthouse and Calvin with the following cast: Anna Calder-Marshall, Timothy Dalton, Harry Andrews, Hugh Griffith, Ian Oglivy, Judy Cornwell.

By HOWARD ALLEN

James H. Nicholson and Samuel Z. Arkoff, having cinematized virtually every story in the Edgar Allen Poe repertoire with Vincent Price, have decided to move on to bigger and better things and their first effort was a remake of Emily Bronte's grim old romance "Wuthering Heights."

Their ambition may be a noble one but it is extremely dubious that people who still remember Joan Fontaine running over the moors crying "Heathcliff" in search of Lawrence Oliver, will long remember or care about Anna Calder-Marshall doing the same in search of Tomothy Dalton.

"Wuthering Heights" is an atmosphere story; there must be a firmly fixed sense of great drama and great passions impending if it is to have any cohesive force, for the characters are all willful and headstrong and empathetic reactions are minimal. But much of this power is missing from Patrick Tilley's adaption and neither does director Robert Fuest add much intensity.

The story is still one of the orphan Heathcliff adopted into the Earnshaw family and growing up with their children Catherine and Hindley and of Hindley's jealousy for the attention shown the moody youth. When Hindley returns home after his father's death to claim the family estate, he severs a budding romance between Heathcliff and Cathy and reduces Heathcliff to the status of servant. Ultimately Heathcliff seeks his fortune in London while Cathy marries a neighbor's son. The return of Heathcliff sets the stage for the final romantic hystreonics.

Timothy Dalton never lets the audience fully in to his character of Heathcliff; passion comes through but not much more. Anna Calder-Marshall's Cathy is not wholly sympathetic either.

John Coquillion's photography and Michel Legrand's music are lush, leaving this "Wuthering Heights" a thing of transient surface beauty, soon forgotten.

Free exhibits at art institute

Along with a permanent collection that makes it one of the great art treasures of the nation, the Detroit Institute of Arts currently is offering four special free exhibitions.

Begin with the splendid display of 450 "Recent Gifts and Purchases: Prints, Drawings and Watercolors" acquired by the museum during the past three years. From elegant woodcuts of the 16th century through today's multiples of plastic and metal, the show fills six South Wing galleries through June 27.

A Michigan Week special in the Rivera Court calls attention to talented young students from 20 of the City's public high schools with a display of their paintings, drawings and sculpture.

One of the dramatic personalities of the Civil War era - John Brown, the great abolitionist - is interpreted in 22 paintings by the dean of America Black artists, Jacob Lawrence. On the South Wing balcony through June 6.

Discover one of the most influential but least known artists of the 20th century in "Francis Picabia: A Retrospective." One of the earlies abstractionists and an originator of the Dada movement, Picabia shook the art establishment in post - World War I years. His paintings are supported by films and documents that recreate the sensation he caused in a conservative world. South Wing through June 27.

The Detroit Insitute of Arts is open to the public without charge Tuesday through Sunday from 9:30 a.m. to 5:30 p.m.

Building permits up

An increase in building in the City of Romulus has been reported by Clayton W. Meldrum, manager of the Romulus Building Department.

Building permits issued in April totaled 283 with permit fees amounting to $10,606.15. This compares with 269 building permits and fees of $11,630.71 in March.

Residential building had a construction cost of $537,813 in April. And the total for all building amounted to $1,596,116, as against $1,533,330 in March.

There were 58 permits and fees of $1,459 issued and collected by the electrical division.

The heating division issued 55 permits and collected $498 in fees. And the plumbing division issued 59 permits and collected $1,021 in April.

Association elects slate

Ernest Ryback, prominent Belleville Attorney, has been elected president of the Van Buren Civic Association. He resides at 45236 Sunrise Lane, Belleville.

Other officers elected at Last week's meeting were: David Wertz, vice president; Joseph Stillwagon, treasurer; and Bernice Rogers, secretary.

Directors who were elected to three-year terms were: Tracy Carrabin, Donald Carlson, Phillip E. Eller and Mrs. Stephanie Soja. Named to a two-year term was Dr. William Rekshan.

SIGNING UP FOR PARK RANGERS — Huron Township's police force will serve as park rangers in Huron Metropolitan Park this summer. Signing up for park ranger service are Constable Chris Mascoilek and Township Clerk George W. Moore. George Giblin, superintendent of Huron Metro Park, looks on.

Students win offices on Government Day

The winners of Student Government Day election held at the Belleville High School were announced Monday by Ermil Jones, government class teacher at the high school.

The successful candidates will assume the responsibilites of the counterparts in both the City of Belleville and the Township of Van Buren on Government Day on Thursday of Michigan week, dedicated to those who serve in government.

The election was held on May 4 following a nomination convention held a few days earlier. The students nominated were from a list selected by a faculty government teachers committee.

The students will take over the city posts on Government Day are : Keith Patalocco, mayor; Jon Cross, clerk and police chief; and Darlene Weise, treasurer. Councilmen are Sue Fant, Debby Fredericks, Kaye Ivan and Ron Tinsley.

The students assuming township posts are:

Ron Parsons, supervisor; Ed Branam, township clerk; Steve Billings, township treasurer; Mark Pellechia, court judge; Beckie Henning, court clerk; and Dennis Bodenmiller, Blaine Otto, Glenn Reinhackel and Alan Vandecar are township trustees.

Complaints, bites up says annual dog report

The Van Buren Township Dog Warden Douglas A. Kobish has reported increased activities in the township's Dog Pound during the 1970-71 fiscal year of operation.

Kobish's annual report, filed with the township board, disclosed a rise in the number of complaints received over the previous year, an increase in the number of dogs and cats impounded and an increase in the number of dog bite complaints.

Of the number of dogs and cats running at large in the township (649 dogs and 155 cats), 123 pets were reported lost and 359 were stray animals.

The number of complaints were up 48 over the previous year, Kobish reported. Dog bites totaled 59 and cat bites four. This was a total rise of 43 over last year.

The annual report also disclosed that new animal feeders and a new furnace had been installed in the dog pound. A Wayne County monitor was installed in the dog pound truck.

The total fines collected by the dog pound amounted to $271 for the year.

Kobish reported Monday that the dog pound will pick up a dog whose owner requests it be picked up. But for each stray that is picked up there is a $5 charge and there is $2 boarding fee for each day the township holds the dog.

Kobish reported that dogs running loose have killed farm animals and recently a young colt was destroyed by a pair of dogs running at large, a violation of the dog ordinance.

He issued a stern warning that enforcement of the township's dog ordinance will be stepped up in the coming weeks.

Hardware sets record for sales

The Sumpter Ace Hardware Store, located at 19500 Sumpter Rd., Sumpter Township, has received the congratulations of the Ace Hardware Corp. for achieving the highest sale volume in the store's 27 year history, it was reported Monday.

Sumpter Hardware became affiliated with Ace Hardware Corp. approximately nine months ago. The store has been completed remodeled.

The store handles a greater variety of merchandise since its remodeling program, including an expanded section of garden supplies, plumbing, electrical hardware and household items.

A completely new line of Mac-O-Lac paints has also been added.

Bids sought

Van Buren Township is now accepting bids for a new Building Department car. Specifications can be picked up in the township clerk's office , 46425 Tyler Rd.

Sealed bids must be in the clerk's office by 5 p.m., May 25.

The bids received will be opened at the regular township board meeting at 8 p.m. May 25.

Team wins first place in contest

The team from Huron High School, Ann Arbor, won first place in the outstate area of the Plymouth Trouble - Shooting Contest held in the Kern Block in Detroit last Friday.

The team will now go to Indianapolis, courtesy of the Plymouth Motor co., in June to compete in the National Championship.

William (Bill) Kouba, son of Mr. and Mrs. Edward Kouba of 43124 Huron River Dr., Belleville, is the automotive instructor at Huron High School.

Both Bill and his wife, Patricia and son, Eric, reside in Saline. He and his wife graduated from Belleville High School in 1955.

Counselors available

The high school counselors at Belleville High School are available to aid parents of students entering the tenth grade in the 1971-72 school year, Edward Steinman, director of guidance, reported Monday.

The counselors will explain the graduation requirements and answer any questions parents may have about registration.

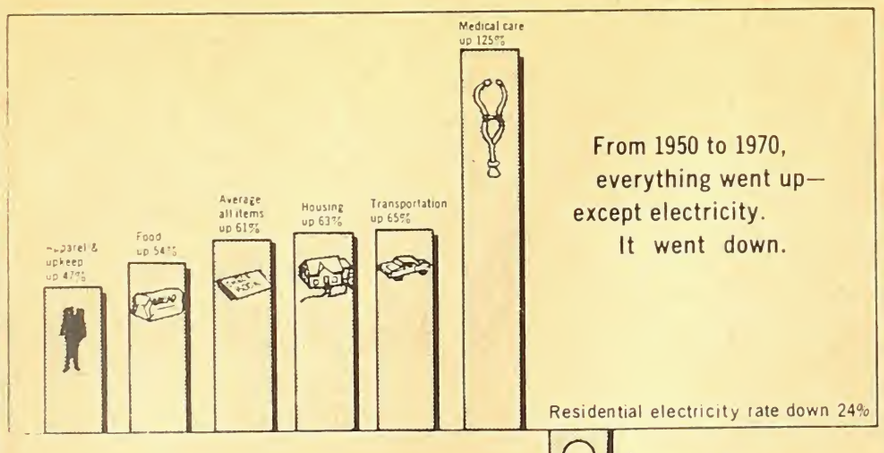
38 Years Of Experience

HURON ELECTRIC CO.

25 E. HURON RIVER DR., BELLEVILLE

697-9151

We need to raise our rates . . .



From 1950 to 1970, everything went up— except electricity. It went down.

. . . From here to here.

We've just asked the Michigan Public Service Commission to allow us to raise our electric rates for industries, businesses, and homes.

If approved, the new rates would provide about 11% more revenue to enable us to keep up with population growth. This works out to about a nickel a day extra for our average domestic customer.

We don't minimize the importance of a nickel a day. That's $18.00 a year, which can buy quite a few good things.

But we do want to put it in perspective. And we want you to know why we need it, and what we're going to do with it.

First, to put it in perspective, we didn't want to ask for this increase. We were forced to. We need additional revenue to build the facilities to provide, in the future as in the past, fully reliable electric service for every purpose.

If the new rates are approved—and the Public Service Commission will spend months evaluating our need—the average cost of a kilowatt-hour for domestic customers will still be less (as the graph above shows) than it was in 1950. In that year, it was just over 3 cents. With the new rates, it will be about 2.6 cents.

Now why do we need it? In a word, inflation. Our costs have gone up tremendously. In the past five years, fuel has gone up 38%, labor 32%, local taxes 23%, and interest on bond issues 88%.

The cost of running our company this year will increase far more than the amount of our last rate increase.

What are we going to do with the proceeds of this rate increase? The most discouraging experience in these days of inflation is to pay more, and get less. Not so with this increase. It will enable us to construct the facilities to keep pace with the ever-increasing demand for electricity for home and factory.

Building new power plants is a job that never ends because the demand for electricity doubles every ten years. But, in the last 3 years, the cost of installing each new kilowatt of capacity rose 40%.

We will also be able to continue, and indeed to enhance, our vital programs for the improvement of air, land, and water resources of the area.

We do not expect anyone to be pleased with a rate increase. But we do ask them to try to understand why we need it.

By receiving a little more in rates today, we will be better able to meet our many responsibilities tomorrow.

Six get scholarships from Polish Alliance

In the fall of 1970, the Polish National Alliance, Lodge 2984, located on Sumpter Rd., at Harris Rd., Sumpter Township, advised the Lincoln, Romulus, Van Buren and Huron School Districts that scholarships would be awarded to students of Polish descent in order to further their college or vocational training after they had completed their high school studies.

Students were invited to apply and those who did learned that scholarship, citizenship and an essay on the Polish Community in America or on Polish History were necessary requirements to complete the application.

The six finalists, four of the 1971 Belleville High School graduates and two already attending universities, were honored at a banquet which also included their parish priests and their parents.

The banquet was held on May 2 to coincide with the May 3 Constitution Day ceremonies held elsewhere throughout the country.

Students receiving scholarships are all graduates of Belleville High School and are:

Constance Marie Krajewski, daughter of Mr. and Mrs. Richard Krajewski, 18690 Savage Rd., Belleville; Beth Marie Nowak, daughter of Mr. and Mrs. Thomas Nowak, 45257 Willis Rd., Belleville; Mary Wojtowicz, daughter of Mr. and Mrs. Joseph Wojtowicz, 2757 Grove Rd., Ypsilanti; and Michele Szuma, daughter of Mr. and Mrs. Alphonse Szuma, 15615 Martinsville Rd.

Constance will attend Cleary College in Ypsilanti, planning a career in Business Management; Beth and Mary plan to attend Eastern Michigan Univesity in Ypsilanti; Michele will attend the University of Michigan. Beth will major in Math, Michele in pre-Nursing and Mary in Business.

The two additional scholarships awarded to students already in college were given to Pamela Bies, daughter of Mr. and Mrs. Chester Bies, 19155 Sumpter Rd., Belleville, and a student at Central Michigan University and to Adam Janowski, son of Mr. and Mrs. Adam Janowski, 45252 Sunrise Lane, Belleville, a student at Eastern Michigan University.

The PNA Lodge plans a perpetual scholarship fund which they hope will eventually provide financial aid to more than fifteen students annually. The scholarships this year were in excess of $2,000.

Also present to honor the young people were the Reverend Raymond S. Skoney, pastor of St. Anthony's Church in Belleville; Reverend Mitchell Bednarski, pastor of St. Ursula's Parish in Ypsilanti; Reverend Alexander Wytrwal, pastor of St. Stephen's Parish in New Boston; and Reverend Joseph Kernosek of St. Aloysius Parish in Romulus.

WINS PNA SCHOLARSHIP — Miss Constance Marie Krajewski, daughter of Mr. and Mrs. Richard Krajewski, 18690 Savage Rd., Sumpter Township received one of six scholarships presented to area students of Polish descent by the Polish National Alliance Lodge 2984, Sumpter Township. Attorney Ernest Rybak, chairman of the scholarship committee, made the presentation at a banquet held May 2.

Kiwanians set anniversary festival

The Belleville Kiwanis Club will celebrate it's 25th Anniversary with a dinner-dance at the Hilton Inn, Metro Airport, on Saturday, May 15.

The club was chartered in 1946, sponsored by the Kiwanis Club of Ypsilanti.

"This celebration will have a somewhat different twist" said President Bert Smith, "no speeches! We're proud of our past record of community service, but we're not going to do any replays at the party. We regard this more as the beginning of an even better record for the next 25 years."

Although we're not actively selling tickets" Smith continued, "anyone who might like to celebrate with us will be welcome to join the festivities, starting with cocktails at 7 p.m.

The price is $35 per couple for the cocktail hour, dinner and dancing, and reservations must be made with Dr. Gerald Miller, 697-1151."

Van Buren issues permits

The Van Buren Township Building Department issued 45 residential building permits during the month of April, Darryl Robson, building inspector, reported Monday.

The permit called for an estimated construction cost of $267,728. Fees collected on these permits amounted to $828.

In addition to the building permits, 193 mechanical permits were issued by the department with fees amounting to $4,846. One commercial building permit was issued in April for $3000 in construction.

Ligget gets appointed

John V. Liggett, 35, has been appointed chief product engineer of the Wheel, Drum & Brake Division of Kelsey-Hayes Company, 38431 Huron River Dr., Romulus.

His appointment was announced by William T. Birge, the division's vice president of engineering. Birge himself held the post of chief engineer before his recent promotions to engineering director and vice president.

Liggett joined Kelsey-Hayes in 1967 as a product research manager. A year later, he became product manager for automotive skid control. He was appointed assistant chief engineer in 1970.

A native of South Bend, Indiana, Liggett began his career as a draftsman for Curtiss Wright Corporation. He moved to Detroit in 1960 and spent five years with Massey Ferguson Inc. as a designer and stress analyst. From 1965 until he joined Kelsey in 1967, Liggett worked for Ford Motor Company as a project engineer and group leader specializing in brake system development.

After attending evening classes at the University of Detroit, Liggett was graduated summa cum laude with a bachelor of mechanical engineering degree in 1965.

Liggett resides with his family in Plymouth, Michigan.

Class holds reunion

The 1966 class of Romulus High School held its five-year reunion at the Roma Hall in Livonia on April 24. There were between 110 and 120 people present, representing about one half of the graduating class.

A delicious buffet dinner, consisting of spaghetti, ravioli, sausage, meatballs, roast beef, stuffed cabbage, baked beans, potato salad, tossed salad, "angel wings," jello, and canollis, was served to the guests. Music was provided by Bud Rampola and his band.

Awards and prizes were given in the following categories:

—Linda Schatilo Patterson won $5 for having driven the farthest to reach the reunion—724 miles from Norfolk, Virginia.

—Lillian Jones Hatcher won $5 for being married the longest — six years.

—Carol Wilson Schimmelpfenneg won $5 for being married the shortest, her wedding date being Feb. 20, 1971.

—For the category of largest family there was a five-way tie. Gary Gasser won the draw of cards; he and his wife Charlene Dudley have two boys.

A door prize, the flower arrangement on the head table, was won by Harry Bell.

If there is anyone who wasn't able to attend, but would like a copy of the address-memory book can contact Marge Bergman at 941-3090

Romulus students want to continue at Wayne

By TRUDY KETELHUT

Parents of 51 students living in Romulus but attending school in the Wayne Community School District (WCSD) Monday night indicated a unanimous desire to have their children continue attending Wayne Community Schools.

The Romulus Board of Education last week requested the Wayne County Intermediate School District make its school district boundaries coterminous with the borders of the City of Romulus.

This would involve the Romulus School District annexing a portion of the WCSD between Van Born and Beverly and Cogswell and Hannan roads.

The proposal would also give a portion of the current Romulus district to the Wayne district. Twenty Romulus students living between Annapolis and Van Born roads and Merriman and RHenry Ruff near the southeastern most corner of the WCSD would then attend Wayne Community Schools.

A petition signed by all the families except one living in the Wayne Community School District that would be affected was presented to WCSD school board President Donovan McCreery Monday night.

The petition states that the people living in the area of the WCSD to be affected do not want their children to attend Romulus schools but wish to remain a part of the WCWD.

The Wayne school board voted unanimously to oppose the boundary changes as proposed by the Romulus Board of Education and directed the superintendent to send a letter to that effect to the Intermediate School District.

The school board also agreed to pass on the petition to the Intermediate Board.

Supt. Harry Howard noted that the final decision on the boundary changes lies with the Intermediate School District. They will hold a public hearing May 20 at 8 p.m. at Romulus High School to discuss the matter.

The action taken by the Intermediate School District on that night can be appealed to the State Board of Education if the Wayne School board so desires.

Letters were sent out to the Romulus residents that would be affected, inviting them to appear at the WCSD board meeting to express their opinions.

The property which the Romulus school board wants within its boundaries is currently zoned for small and large farms. There is a present 30-day freeze on rezoning in the area, according to Ron Somers, an assistant superintendent of the WCSH.

The proposed zoning would be R-1A, first class residential. M-1 industrial zoning would begin east of Cogswell, not affecting the proposed change.

Somers also indicated that the Westland mayor's office and planning department recommend the WCSD annex the Romulus School District parcel. It is currently zoned for apartments or shopping center and industrial.

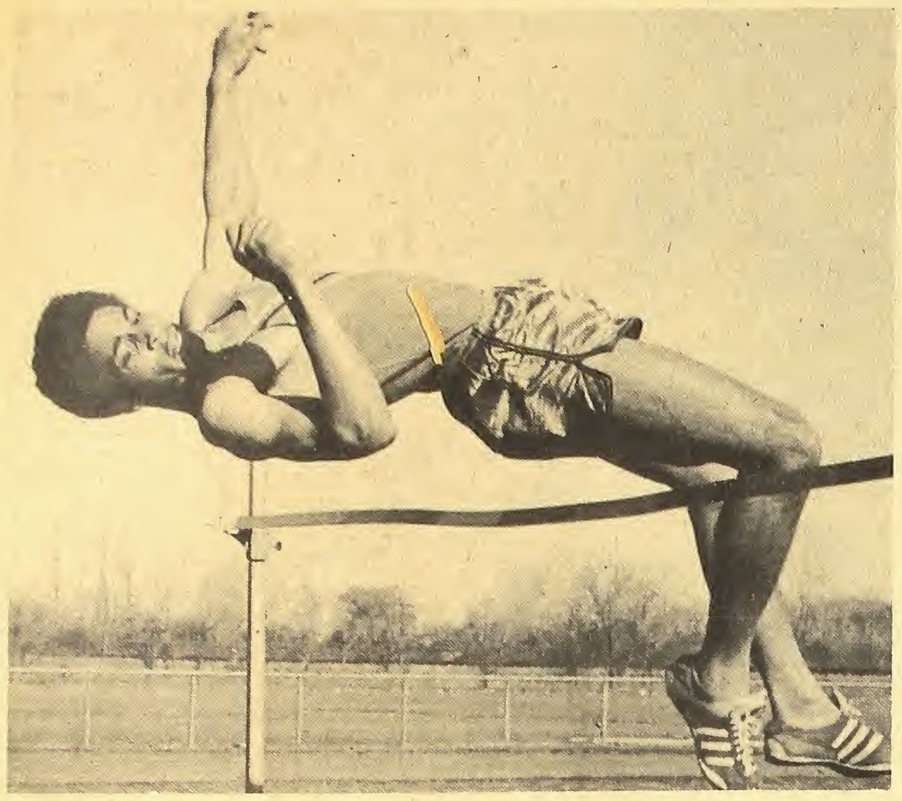
Belleville takes second place

Franklin wins WW Relays title



HIGH JUMP CHAMPION — One reason why Belleville took the gold medal in the high jump event at the Western Wayne Relays was Garrade Pettus, who was crowned as the individual champion. Pettus equalled the record he set last year at the meet with a final mark of six feet four inches. Pettus was joined in the team winner's circle by Tony Ogletree and Phil Combs. Ogletree jumped five feet six inches and Combs cleared five feet four inches. The three heights, combined together, were good enough to give Belleville the championship of the event, and helped them to take a second place finish behind surprise champion, Livonia Franklin.

By DANN BARKUME
Sports Writer

Livonia Franklin, undefeated in dual meet competition this year, proved it had depth by capturing the 13th annual Western Wayne Relays held last week at Belleville High School. The Patriots finished well ahead of second place Belleville, as the Tigers had trouble getting uncorked in a few events.

A field of 13 area high schools competed in the pestigious meet which wound up with Belleville and Franklin each claiming three first place finishes. The Livonians outdistanced their hosts by as much as 15 team points in the final standings.

Franklin compiled a total of 40 points to dethrone defending champ Wayne Memorial. The teams finished in the following order: Franklin (40), Belleville (25), Wayne Memorial (23), Livonia Bentley (18½), Garden City West (17), Dearborn Heights Robichaud (15), Cherry Hill (12), Inkster (11), Taylor Kennedy (10½), John Glenn (9½), Taylor Center (5) Garden City East (1) and Romulus (0).

"It was an outstanding meet and I feel everyone who competed got something out of it," said Harry Hidenfelter, Belleville High athletic director and one of the organizers of the meet.

Not only was it a first Western Wayne Relays victory for Franklin, but it was coach Bob Holmes' inaugural WW triumph.

"It was really a big thrill to win it," Holmes said. "I have been competing with teams in the meet for the past five years and haven't been able to come out of Belleville as a winner until now."

Franklin had three winning relay teams and also an individual winner in the shot put event. In the shot, senior Jim Craig heaved one 51 feet four inches for the best individual effort of the evening. The Pats also had the best pole vault team at the meet with the DeNapoli brothers, Paul and Pete, who went 10 feet six inches and 11 feet six inches respectively and Mike Seister who checked in with a 12 foot performance.

The 440 relay team of Mike McKindles, Joe Sinnette, Ken Yuhasz and Mike Jinnette scampered home with a winning time of 44.6. McKindles, Yuhasz, Mark Newman and Mike Jinnette won the 880 relay in a time of 1:32.2.

Belleville dominated the high jump, the open two-mile run and the four mile relays.

Garrade Pettus, who jumped six feet four inches for individual honors, led the Tigers in the high jump Teammates Tony Ogletree and Phil Combs cleared five feet six inches and five feet four inches respectively.

Cross, and All-Area distance runner last year, ran away from the field to easily win the open two-mile run with a time of 10:02.

Coach Ken Head's foursome in the four-mile relay were John Cicotte, Gary Reffitt, Mark Davis and Combs. The quartet missed setting a meet record in the event by one second as they were clocked in 18:57.83.

Belleville just missed winning the long jump when they carded a total distance of 57 feet 11¼ inches as Dearborn Heights Robichaud jumpers totaled 59 feet two inches.

One new meet record was set by Cherry Hill's mile relay team made up of Kim Renas, Rick Lollio, Lou Hatzilias and Phil Siebold. The time of 3:23.27 not only shattered the existing Western Wayne Relays record, but also is the best clocking for the event in the state this season.

Coach Joe Grasley's Spartans also picked up a gold medal in the two mile run with an 8:12 effort.

It was the final event, the mile-relay, that proved to be the most exciting event of the meet as Franklin and Cherry Hill battled it out to the wire, with the Spartans taking the win "by a nose". Cherry Hill finished with a time that was two one hundredths of a second faster than the time recorded by the Patriots.

Garden City West came away with a gold medal in the shot put relay and Livonia Bentley took the honors in the low hurdles shuttle. Bentley was also crowned champion in the high hurdle shuttle, and claimed another win in the 440 special relay. Bentley did not earn any points for their 440 special victory.

All teams entered managed to pick up at least one point with the exception of Romulus. The Eagles had their problems and were unable to place in any of the events.

Ballard ejected Romulus loses

Leighton Ballard got into an argument with an umpire, and lost. Romulus' standout hurler didn't like a call at home plate in the fifth inning of the Twin Valley conference opener with Willow Run and voiced his opinion. The man in blue took as much as he cared to, and proceeded to toss Ballard out of the game. Not only was the early shower tough on Ballard, his team mates went on to drop a 7-1 decision to the Flyers.

Up until the time he vacated the premises, Ballard had recorded 11 strikeouts in 4 2-3 innings.

Eagle mentor Lowell Johnson said that the umpiring was exceptionally bad. "I'm not making excuses," Johnson said, "We would have lost the game anyway, but the umpires were not exactly up to par. They really called a bad game."

Romulus collected one run on nine hits and committed three errors. Willow Run scored seven runs on six hits and they had three miscues. Larry Rains was the winning pitcher for Willow Run.

After Ballard was ejected, Keith Simmons got his first mound appearance of the season and blanked the Flyers the rest of the way. Simmons struck out five in 2 1-3 innings of work.

"Simmons did a good job," Johnson commented, "It looks like we have another chucker now."

Tony Hoffman led the Eagles' hitting attack with two hits in four trips. Virgil Smith and Bill Ward each collected two hits in three trips to the plate.

Romulus bounced back in their next contest when they met River Rouge. Ballard was not to be denied this time as he kept his temper and his control intact and hauled in his fourth shutout of the campaign. The scoreless performance gave Ballard the school record for the most shutouts in a season. On his way to a shutout, Ballard fanned 15 Panthers. In 50 innings of pitching, Ballard has now fanned 75 batters and has an earned run average of 1.13 overall.

Romulus outplayed their opponents and picked up a 4-0 victory. The River Rouge outfield played deep as the Eagles continued to club the ball hard. Johnson said that several hits would have been home runs, had the teams been competing at the Romulus field, with its inviting outfield fence. Rouge was able to play deeper, thus holding the Romulus batsmen to singles instead of a lot of extra base hits.

Romulus collected four runs on eight hits and committed two errors. River Rouge collected four hits and also had two errors.

Johnson was pleased with the way the Eagles rebounded following the loss to Willow Run. "We had a couple of bad games after a strong start and I just hope we are on the upswing." Johnson said. Romulus is now into league competition and goes into action this week with an even 1-1 record. They hold an overall record of 7-2. Johnson added that his players are beginning to show that hustle they had in the beginning of the campaign and that the team is picking up the strong form they showed at the start of the season. Romulus started with a bang but cooled off when they hit a slump after about five games.

Romulus will go against Ecorse, Willow Run and Belleville this week, with hopes of improving their record in the Twin Valley Conference. Willow Run and Ecorse are both conference foes, while the Belleville game will be a non-league contest.

UP AND OVER — Bill Batherson of Garden City West almost made it on this pole vault attempt, but he nicked the bar with his leg on the way down for a miss. Batherson and his Tiger mates grabbed fifth place in the all around standings, as Belleville's Tigers outpointed West in the all-around standings. Belleville hosted the Western Wayne Relays for the 10th straight year and once again, it proved to be an outstanding meet.

Slams hinder Tiger thinclads

Following a second place finish in the Western Wayne Relays, Belleville's track team ran against some tough opposition in the way of Allen Park and dropped a dual meet contest 74-44.

Allen Park slammed the shot put, the pole vault and the 100 yard dash to pull ahead of Belleville and stay on top. Belleville managed several first places, but the slam put the meet out of reach.

Garrade Pettus is getting his old high jump form back again and he set a new field record in winning the event with a jump of 6'5½", Pettus and Tony Ogletree combined for a one-two finish in the long jump, with Pettus winning with a leap of 20'4" and Ogletree close behind with a jump of 19'9½".

Phil Combs finished second in the 880 yard run and John Cicotte grabbed third place in the same event.

Sports retort

Our prep athletes- they're good

By Dann Barkume

"Those kids really have a lot of guts."

That remark was made during the running of the Western Wayne Relays at Belleville High School on Tuesday night and, putting everything else aside, it struck foremost in my mind after the festivities had concluded.

I sat for five hours and watched high school athletes squint, stretch and strain, just to get another inch, or cut another second when they finished.

It really must take a lot of courage.

Why did the runner in last place keep on going when he was lapped by the lead runner, with no hope of winning, or even placing, he kept going, and even put on a kick at the finish?

Track and field athletes epitomize athletic competition. Prep athletes compete before small crowds, and the cheers are not as loud as they are at football games. They have to train every day to stay in shape and each event presents a new mental challenge as well as a physical one.

I marvelled at these young men for their dedication. For the most part, they gave everything they had. If they won they were jubilant, if they lost, they were dejected. That bit about victory and defeat was written all over the face of each performer.

As an individual, I have always admired trackmen from a distance. I didn't run track or compete in field events in high school, mainly because I thought I was too busy to be bothered with the daily training routine. I like to run, but not that much. They are, indeed, a rare breed.

Their concentration is astounding.

Belleville's Garrade Pettus easily won the high jump event. He had set the record at 6 feet 4 inches last year at the same meet. The only thing he wanted to do this year was break his own record. Since Pettus is a senior this year, it was his last chance.

As the field dwindled, Pettus would stand, looking at the bar as it gradually moved upward, when he was called for a track event, he would run his leg, flat out, then return to the high jump pit.

After three hours he was the only one left, he took a lot of time between jumps, but he finally got the bar up to 6 feet 4 inches, equaling his own record.

His next jump was for a new meet record. He missed on the first attempt, then he missed his second attempt, nicking the bar as he "Fosbury Flopped" over.

He stood there and waited, a relay event team ran past the pit and broke his concentration, he moved around, alternating looks between the bar and the ground. He was ready, he moved toward the bar, jumped, missed and didn't move.

The coaches said that Pettus wanted to break that record and had planned on it for weeks. When the time came, he couldn't make it and he was heartbroken. A short time later, he almost pulled an upset after being 20 yards down at the beginning of his leg of the low hurdle shuttle relay. He ran like the wind, he had forgotten what he considered a failure, ran a beautiful leg of the race, but still finished last.

The fact that he even ran a good race was an accomplishment. He could come off missing his record and prepare to race the hurdle event. He ran with perfect form and outstanding speed. As he neared the finish line, one lady quipped, "He's beautiful."

These young men show drive, determination and dedication with every event.

With the stunning upset by Livonia Franklin, and the close races and the excitement surrounding the meet, the competitors stood foremost in my mind for the job they did.

It was a big meet. They knew it. And they all did their best. Win or lose in the standings, they are all winners when it comes to what athletics is all about.

I talked with a sophomore runner from Cherry Hill about an hour before he was to compete. He was a hurdler and I asked him if he was ready. His answer was right to the point.

"I'm never ready, but all I can think about is the next hurdle down the track. I think about keeping my time down and not making a mistake. I run a couple of hours every day and get to compete for only a few seconds. I've never won a race, but if I run a good race and I try hard, then I guess I'm satisfied."

By the way, he didn't win, but he ran a good race.

Linksmen set for regionals

Belleville's golf team is showing improvement as the season draws to a close. Coach Sam Vicchy's linksmen easily defeated Willow Run 174-196 before finishing in a tie with Allen Park in a triangular match with Allen Park and Plymouth.

Steve Burwell finished with medalist honors in the victory over Willow Run as he turned in a score of 42. Bill Traverse of Plymouth took medalist honors in the triangular match with a 38 and Craig Barnett was low man for Belleville with a 39.

Plymouth had to hustle to get past its two opponents as their recorded score of 157 was just three better than both Belleville and Allen Park who finished with identical scores of 160.

Belleville, currently 5-3-overall and 3-3-2 in Suburban Six competition, winds up the regular schedule this week with a triangular match against Redford Union and Livonia Bentley, followed by dual matches with Garden City East and Taylor Center.

The Tigers also have a special Alumni match scheduled for Friday.

On Saturday, Belleville will travel to Burrough's Farms in Brighton for the regionals. Vicchy said that he has been pleased with the performance of his charges this season but adds that anything can happen in regional competition so he will not make a prediction as to how the Tigers will fare on Saturday.

Chiefs notch triple

Huron took some vengeance out on Mason after dropping several league baseball contests by clobbering their non-league opponents 13-2. Sophmore hurler Jamie Hinojosa pitched a two hitter while striking out nine and walking six. Huron collected a total of 15 hits, with Hinojosa leading the way with four hits in as many trips to the plate.

Though Huron was touched for three errors, they forced their opponents into making three miscues as well.

Huron returned to league action and dropped a 6-5 decision to Jefferson in eight innings. Ron Thompson absorbed the loss, giving up six runs on seven hits while walking seven and striking out four. Coach Ron Smith said that the high number of walks proved disastrous for the Chiefs, as did four defensive errors.

Jefferson scored the winning run on a wild pitch in the eighth inning. Of the four errors, three came in the second inning and Jefferson scored two runs in their half of the frame. Huron bounced back to tie and both teams managed one run in the seventh inning, to send the game into extra innings. Smith said that the Chiefs played four good innings but defensive lapses led to the defeat.

Jack Garcia looked good at the plate, collecting two singles in four trips and Thompson tried to help his own cause along as he collected a single and a double in three times at bat.

A triple play by Huron wasn't enough as the Chiefs dropped another Huron League contest to Catholic Central by a score of 8-2.

Catholic Central opened the fifth inning with two straight singles, giving them runners on first and third with no one out. A hot grounder to shortstop was the beginning of a quick double play and Huron then trapped the runner at third base in a rundown, tagging him out to complete one of baseball's most infrequent plays.

The big play didn't help pitcher Glen Dregansky, however, as Catholic Central jumped to a 6-1 advantage at the end of three innings. Six errors on the part of Huron gave their opponents the opportunity to capitalize on a number of scoring chances.

Don Delano showed some base running heroics of his own as he stole home in the game with Catholic Central. The run scoring snatch brought his total to nine swipes in three games, three steals each game. Huron couldn't capitalize, as Catholic Central's hurler, Mike

LODGE MASTERS' CHAMPIONS — Rogalles Lounge claimed the title in the Lodge Masters Bowling League this year, racking up 88 wins against 52 losses for an easy win over the rest of the 10 team league. Rogalles is located at I-94 and Haggerty Rd. in Belleville. . Showing off their trophy are the members of the championship team, standing, left to right, John Engbretson, Dick Longwish, Dick Nota, sponsor accepting trophy, Bob Miller, Dick Chwalik and in the bottom row are Clancy Reynolds and Tom Brothers.

Record-setters post top area track times

Wayne Memorial's Joe Kiester's outstanding performance in the 100 yard dash at the Adrian Relays and Phil Siebold's superb performance in the half-mile at the Albion Relays captured the spotlight on the area high school track scene this past week.

Huron thinclads split track action

Huron's thinclads squeaked out a close 60-58 victory over Flat Rock last week with a strong, come from behind victory with the margin of victory not coming until the Chiefs captured the final event of the meet, the mile relay, with a time of 3:42.2.

Huron, always weak in the field events, came on strong in the track events to take the victory away from Flat Rock.

Paul Engle finished first in the mile, Dave Edge took the gold medal in the 100 yard dash, John Petri took first place in the low hurdles and Mark Mittlestat won the drive for the tape in the two-mile run.

Freshman Dave Durham put on a stellar performance, winning the long jump event with a leap of 19 feet, 11½ inches.

Two big events were the 100 yard dash and the two-mile run as Huron managed a slam in both events. In the two-mile, Forrest Coop finished second and Tim Bilbrey took third, in the 100 it was Roger Miles finishing second and Durham coming home in third place.

Huron then dropped a league contest with Catholic Central by a score of 76½-41½. Huron managed to record the fastest time recorded so far this year in the Huron League for the 880 yard relay as they won the event with a time of 1:34.5. Other first place finishers were Engle in the mile, Miles in the 100 yard dash and Edge, who finished second in the 100.

Coach Keith Reed's hopes for a strong finish to the season were dampened with an injury to star quarter-miler Dan Clark. Clark injured his leg when he slipped on the track during the 440 yard run against Catholic Central and Reed said that Clark may be through for the year.

An appearance at the Mason Relays proved fruitless as the Chiefs grabbed a seventh place finish among the 12 teams competing. Reed commented by saying that the Huron runners are not used to a cinder track and they couldn't get the right spring from the natural surface.

The closest Huron came to winning was a third place finish in the 880 yard relay.

Huron currently stands at 4-3 for the season and is 2-3 in Huron League competition.

The Chiefs face Jefferson and Tecumseh this week before traveling to Belleville next Saturday for Regional competition.

Huron Chiefs triple

(Continued from Page 19)

Branchea, held the Chiefs to just three hits and his defense committed just one error. Catholic Central collected eight runs on nine hits and their cause was greatly helped by six Huron miscues.

Huron now stands 3-9 overall and holds a league mark of 2-7.

In action this week, they face Flat Rock before playing host to Carlson, with a trip to Grosse Ile scheduled for Friday; all three games are league contests.

Huron will take part in the Monroe Auto Equipment Tournament next weekend, as they will face Bedford High School at Navarre Field at 2 p.m.

Coach Ron Smith noted that a scheduled game on May 20 with Gabriel Richard has been switched to May 21. Huron opens district tournament play on May 20 when they travel to face league rival Carlson in the opening round of the state playoff tournament.

Belleville bounces back after loss to Trenton

Coach Vitold Kaminskis and his Belleville baseball Tigers are having nightmares following a 14-0 shellacking at the hands of Trenton last week. In the fourth inning alone, Trenton collected seven runs on two hits and four walks.

Kaminskis used three pitchers, starting with mound ace Vern Gowen. Gowen was hit hard and was lifted early, Dave Billings came on in relief and lasted until the sixth inning when he was replaced by Steve Theodore. Of the three pitchers used, Theodore seemed to be able to do the best job when it came to controlling the potent Trenton hitting attack.

Trenton collected 14 runs on 13 hits and committed two errors, Belleville managed five hits, but they were tagged with six errors.

"That is the hardest we have been hit in a long time," Kaminskis said, "The score wasn't a fluke, they really hit the ball."

Belleville came back to gain revenge on Plymouth for an early season loss by knocking off their opponents by a score of 3-2. Vern Gowen returned to the hill and kept control of the game throughout and going the distance to pick up the victory. While striking out only one, no Rock hitters made first base by way of a Gowen walk. Kaminskis added that without a bad third inning, Gowen would have been untouchable.

Plymouth notched one run in their half of the third with a hit and two quick bunt singles in succession. Their final tally came in the seventh inning, by way of a solo home run blast.

Belleville carded all three of their runs in the sixth inning. Dave Billings started things off with a pinch hit single with one out. Larry Fix followed with another single as did Dan Smith, who chased Billings home. Steve Billings then came up and hit into a fielder's choice situation when the Plymouth infield elected to nab Fix at third base. Mike Dancer ripped a double and knocked the base runners home but succumbed to a good throw when attempting to stretch his double into a triple.

Smith led the Tiger hitting attack with two singles.

Belleville scored three runs on six hits and didn't make an error. Plymouth notched two runs on eight hits and also played flawless ball.

Kaminskis said that it was one of the best defensive games of the year.

Gowen held Plymouth in check, as he threw only 77 times in seven innings.

Kaminskis added that pitching has been a problem in the Tiger lineup all season long as sore arms and the lack of a right handed pitcher has hurt Belleville.

The Tigers, currently 2-4 in the league and 3-6 overall, face Redford Union, Livonia Bentley and Romulus before taking on Aquinas in the Wyandotte Tournament over the weekend. Belleville is one of 19 teams invited to take part in the annual baseball classic.

Team tryouts

The Belleville-Van Buren area Connie Mack team will hold tryouts on Saturday at 10 a.m. at the Belleville High School baseball field. In case of a rainout, tryouts will take place on May 22 at the same time and also at the high school field.

Coaches Ed Bara, Bill Cummings and Phil Brown report that boys between the ages of 15 and 18 are eligible for competition. For further information, call 699-4871.

Thinclads

(Continued from Page 19)

Pettus came back to win the high hurdles in a time of 15.1 but was upset in the low hurdles when John Zolynski beat Pettus by six-tenths of a second. Tony Ogletree made it a good race, finishing two-tenths of a second behind Pettus.

David Lowenson picked up a third place finish in the 220 yard dash.

Gary Reffitt earned a gold medal in the two mile run with a time of 10:29.0 and Mark Davis came in second with a time of 10:43.0.

Belleville, now 1-3 in the Suburban Six league and 2-3 overall, winds up the 1971 track campaign this week with dual meets against Trenton and Romulus.

Belleville will host the regional competition next Saturday.

Ski club meets

The Belleville Lake Ski Club will hold an organizational meeting on Friday, May 14th at 7 p.m. and skiers as well as non-skiers are welcomed.

The meeting will be conducted downstairs from Hoot's Boots, 146 High Street, Belleville, and fans are urged to use the front door. Movies,club activities and future plans will be discussed.

Current officers of the club are Ed Stackwell, president; Hanno Fontaine, vice-president; Chris Fontaine, secretary-treasurer; Carolyn Peterson and Ron Hink, publicity.

The club meets twice monthly and the organization's tournament team and show group will put on a 4th of July Water Ski Festival.

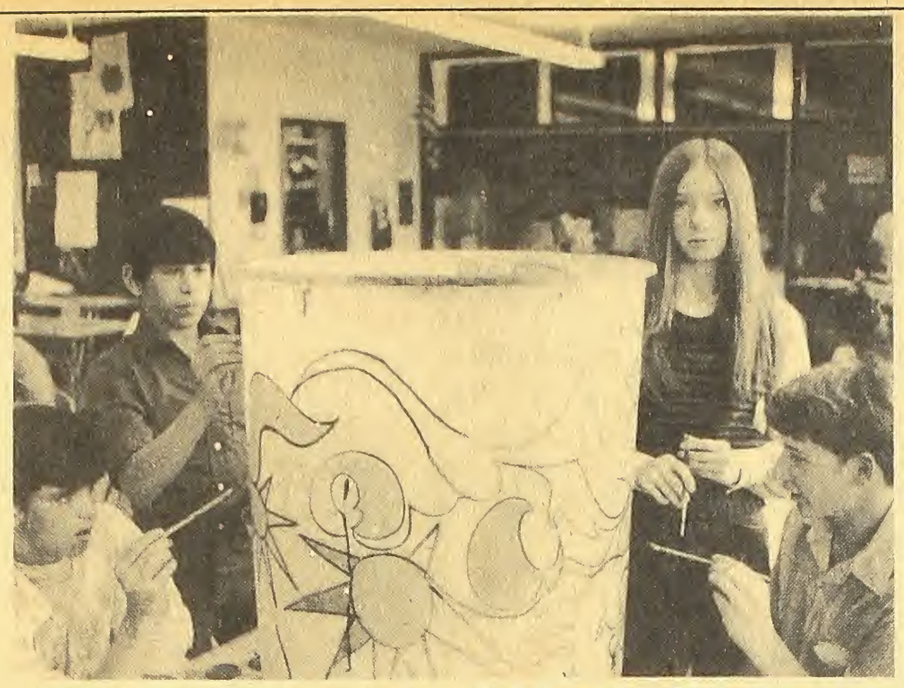
Picnic lunch program popular with students

The Student Activities group at South Junior High School, Belleville, has originated a new program for the lunch hour.

Several of the students have decorated mod type trash baskets to be used in the courtyard during the lunch program. There are several picnic tables to allow the students to eat their lunch outdoors during warm weather.

After two trial runs made rather uncomfortable by cool weather, the program has taken off in great style. Some of the students have even brought a regular picnic baskets. Several of the teaching staff have joined in festivities with the students.

The general consensus of students and staff is that this program is a real asset. Student Activities Director Allen Charette and Principal Don White have both lauded the program and the conduct of the student body during the time they are using the courtyard.



PAINTING TRASH BASKETS — Baskets used in the new picnic lunch program at South Junior High School, Belleville, have been painted with mod decorations by members of the art class at the school. The students busy painting one of the baskets are (from left) Mark Verrot, John Szlinis, Sharon Ackron and James Jarrett. The baskets are used in the courtyard of the school during the lunch hour and the several picnic tables allow the students to eat their lunch outdoors.

Credit union chooses new slate of officers

Martin Fleming of Dearborn has been re-elected president of the Eloise Credit Union.

Other officers serving are: James Baker of Ecorse as vice-president, Frank Murray of Dearborn Heights as Treasurer, and William Murdoch of Plymouth as secretary.

Other members of the Board of Directors are Richard Shelvy of Detroit, Velma Garrison of Dearborn Heights, Mel Jansen of Detroit, Donald Ellis of Romulus, and Albert Mitchell of Dearborn.

The Eloise credit union was organized in 1947 and serves the employees of the Wayne County General Hospital, Wayne County Health Department, and Wayne County Library system.

Faust introduces bill on mortgages

Home buyers would be provided with all the information pertaining to the total amount of interest they will have to pay on their mortgage loans under a bill introduced in the Senate today by Senator William P. Faust (D-Westland). Twenty-one of his colleagues co-sponsored the bill.

Described by Faust as "consumer protection legislation new in the mortgage field," the bill would require that all mortgage companies convey in writing the amount of interest the borrower must pay over the term of the agreement.

"This leglislation," he said, "will provide home or land buyers the protection of having a recorded documented schedule of interest being charged on their mortgage."

"I have found that in many instances home buyers have not been told the total amount of interest they must pay on their mortgage loan. They are told only the percentage rate at the time of purchase and never know the full amount of money they will be paying over a 25 or 30 year mortgage period."

"By having the interest information available at the time of purchase, we will be applying the 'truth in lending' standards to the mortgage companies," said Faust.

Festivities scheduled

The 25th anniversary celebration of the Belleville Kiwanis Club will be held at the Sheraton Inn across from the Detroit Metro Airport on May 25.

Anniversary festivities will begin at 6:30 p.m.

Dinner will consist of Prime Roast Beef. There will be dancing and a cash bar after dinner. Tickets are $25 per couple.

Worship hours set

Rev. Clinton Williams, pastor of Bethlehem Temple, 22058 Sumpter Rd, Belleville, has announced the hours of worship at the Temple.

They are: Sunday School at 9:45; Noonday Services and Evening Services at 7:30 p.m. every Sunday.

Tea held

Girl Scout Troop 269 sponsored by the Hannan Road Elementary School, New Boston, held a Mother-Daughter Tea last Tuesday, May 4, in honor of Mother's Day.

Each mother was presented with a floral arrangement the Girl Scouts had made and then enjoyed a play, a fashion show and music.

Tea, coffee and cake was served afterwards.

Five are confirmed

Five young Belleville residents were confirmed recently at the First United Methodist Church, 455 High St., Belleville.

Receiving Confirmation May 2 were Craig A. Bird, 46470 Bemis Rd.; Debbie L. Griffith, 49743 W. Huron River Dr.; Jennifer S. Koss, 41550 Riggs Rd.; Denise Patterson; 18033 Savage Rd.; and Jane L. Reinhackel, 7851 Haggerty Rd.

Installation

The Rainbow Girls of the Belleville Assembly No. 49 of the Eastern Star will hold installation ceremonies at 7:30 p.m. Saturday, May 15.

The installation will be conducted at the Masonic Temple, located on Main St., Belleville. The public has been invited.

Resource center grows

To handle increased demand by educators in Wayne County's 37 local school districts, including Detroit's eight new regional districts, the Intermediate School District is expanding its Resource Center Services.

The Professional Resource Center at 33030 Van Born Rd., Wayne, now offers additional hours of service on Mondays. New hours on Mondays will be 8:30 a.m. to 6 p.m.

Regular hours (8:30 a.m. to 4:30 p.m.) will continue to be observed Tuesdays through Fridays.

ASK (Assistance with School Knowledge), an informational resource service providing current data on school practices, programs and research, is being given new, broader vistas in conjunction with PRC expansion plans.

To combat inflationary trends, the Resource Center is happy to announce a "cutback" in cost of materials, which is all you ever pay for at the Center.

Brenda Pieche is honored guest

SATURDAY, MAY 1 AT St. Anthony's meant First Holy Communion Day for some 100 youngsters from the area, many of whom were the honored guests at parties that followed.

Among those entertaining were the Edward Pieches of Judd Road whose daughter, Brenda, was in the class. Dinner for 30 guests took place in the afternoon and included friends and relatives from Ann Arbor, Milan, New Boston, and Belleville.

Serving as centerpiece at the table was a specially designed cake in the form of a cross which mas made by Brenda's grandmother, Mrs. Angeline Manor of New Boston.

Party at Kosin's for son, Frankie

OUT AT THE Elwell Road home of the Chet Kosins, young Frankie Kosin was the man of the hour as some 100 guests congratulated him on his first communion.

Arriving from Bridgeport, Saginaw, Centerline, Rochester, E. Detroit and neighboring cities, the group enjoyed a chicken dinner in the Kosin's newly-expanded garage-rec room.

Lucille Remus who handled the chef detail, also provided a cake with a boy communicant and the words, "Frank's First Communion", inscribed.

Sharing honors with Frankie was his aunt, Angie Maziarz, who arrived later in the day after graduation ceremonies at Delta College, Saginaw, where she was awarded her degree as a licensed radiolgist. There was also a special cake and a bit of singing in her honor.

Memerings entertain 80 relatives

RELATIVES, ABOUT 80 in all, gathered at the Renton Road home of Bob and Mary Lou Memering Saturday afternoon to honor their son, Mark, another of the group from St. Anthony's.

A buffet dinner was served with the help of Mary Lou's sisters-in-law . Among the guests from Southgate, Livonia, Garden City, Plymouth, Wayne, and Belleville were the honored young man's grandparents, Mr. and Mrs. Robert Vanderah from Wayne and Mrs. Gerard Memering of Belleville, as well as his God-parents, Mr. and Mrs. Ray Deeds from Plymouth, and Father Raymond Skoney who stopped by for awhile.

Mother's Day re-unites family

MRS. LEONA AGGE was invited to the home of her granddaughter and husband, Shirley and Bill Gagnon of Garden City, for a special Mother's Day celebration Sunday.

Taking advantage of the perfect weather, the group dined outdoors and presented their honored guest with a watch, records, candy, and other gifts including a special poem from a granddaughter, 10-year old Joanne Kuchta.

Besides the Gagnon's four children, the party list was comprised of Lorraine and Richard Durocher of Detroit, the Dale Hoyts with Doug and Freddie from Inkster, the Leonard Shaffers and sons, Kevin and Kirk from Attica, Tony and Mary Lee Kuchta and six of their eight children, and Vernon and Marge Springer and son, Vernon Michael, II, from Westland.

'Brigadoon' opens this weekend

IF, PERCHANCE, you don't have your reserved seats for Belleville High's presentation, "Brigadoon", by all means get down to that box office pronto! Don't be on the sidelines 'hearing' what a great show it was -- be there and spread the word yourself.

All you have to do is remember the thrill of seeing "Oklahoma" last year and you can't stay away.

The cast, in final rehearsals tonight and tomorrow, have chalked up two and a half months of rigorous dance routines, choral arrangements and singing and speaking parts. Working as separate units to begin with, the puzzle has now been assembled into one gigantic production backed by a specially-picked high school orchestra.

The show's director Keith Drayton (who heads the vocal music department at B.H.S.) has made a name for himself as Belleville's "Mr. Musical" having "Babes in Toyland" and last year's fantastic "Oklahoma!" already to his credit. The results of his work, both times, left his audiences thrilled and amazed at the professionalism of his shows.

Friday is opening night and curtain is at 8. You'll sit in the comfort of our school's beautiful new auditorium and be whisked away to the Highlands of Scotland for two hours. If you miss the May 14 opening, there are three more nights to choose from - May 15, 20 and 21. Don't miss it!

Moms, daughters feted at banquet

The Altar Society and circle chairman of St. Anthony's parish sponsored their annual Mother-Daughter Banquet May 5 in the School hall with some 80 attending the co-operative dinner.

Tissue corsages were presented to each guest as she entered and were used later to determine the winners of the colorful centerpieces — potted geraniums which were donated by Rochowiak Greenhouses.

Ten-year old Carol Bondie, daughter of Mrs. Joanne Bondie, a baton student, entertained with several numbers including a strut, pantomime and twirling.

Awards for the evening were presented to the eldest mothers attending, Mrs. Lester Hannah and Mrs. Delia Gauthier; the youngest mother, Mrs. Johanna Kemperman, whose baby, Christopher, was the youngest child attending at four months; and the mother with the most daughters, Mrs. Robert Tontalo with four, Patti, Sandi, Sheri, and Becky.

Three mothers tied for second place with three daughters each: Mrs. Frank Jahner, Mrs. Verlie Johnson and Mrs. Jerome Fay.

Recognition was also given to Mrs. Jesse Szabo who attended with her six-month old twin daughters, Rebecca and Raquel.

YOU'RE INVITED - The Mother's Club of St. Anthony's School is busy with final preparations for its Annual Card Party which, this year, is being coupled with a Fashion Show by J.C. Penny's of Arborland. Assembling decorations for the May 18 event (from left) are Mrs. Shirley Gignac, Mrs. Mary Duff, Mrs. Celia Rossi, Mrs. Sophie Zoller, chairman, and Mrs. Marilyn Stull. The 7:30 p.m. program will be held in the Father Folta Building directly behind the church on W. Columbia Avenue. Tickets at $1.50 will include refreshments and prizes. The public is cordially ivited.

Santners observe 40th anniversary

Sunday, April 18, marked the 40th wedding anniversary of Mr. and Mrs. William G. Santner of 17721 Lohr Road, Belleville. The day began with a commemoration mass at St. Anthony's during which Father Charles Borowski heard the couple renew their marriage vows and give them a blessing. Friends and relatives from Belleville, Detroit, Monroe, and Lansing participated in the mass.

At the reception, which followed at the Moose Hall in Monroe, a buffet dinner and dancing were enjoyed. Hosting the celebration were Mrs. Mary Wloch, Mr and Mrs. Frank Sobecki, Mr. and Mrs. Steve Sasly, Bob Salanick, and the honorees' son, Bill Santner.

All involved with the preparations kept their plans secret and the Santners were completely surprised to find themselves being honored at such a gala affair.

BORN AGAIN?

Jesus told Nicodemus that he needed to be "BORN AGAIN." Is this just an old fashioned, hard-to-understand, out of date phrase that has no more meaning for modern man?

OLD FASHIONED? Yes. It used to be heard often from pulpits and among Christian people. Today other words and ideas are being substituted for it.

HARD TO UNDERSTAND? Yes. Nicodemus didn't understand it. That's why he asked so many questions. Jesus gave him a simple answer: "That which is born of the flesh is flesh and that which is born of the Spirit is spirit." In other words, your physical birth made you a member of the human family and of your parents' family; it did not make you a member of God's family. By physical birth you are not a child of God; you must BECOME one. This is called a second birth. "But as many as received Him, to them gave He power to BECOME the sons of God, even to them that believe on His name." "Who were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God." John 1: 12-13.

OUT OF DATE? No. Physical birth has not changed; neither has spiritual birth. It is just as true as when Jesus said to Nicodemus that: "Except a man be born again, he cannot see the kingdom of God." John 3:3.

McGuire-Peterson vows read at St. Stephen's

Double ring vows were solemnized April 16 at St. Stephen's Catholic Church, New Boston, uniting in marriage Nancy Anne Peters and Thomas Carl McGuire.

Bouquets of daisies, carnations, gladiolas, and peonies graced the candlelit altar as Father Alexander Wytral presided at the six o'clock ceremony.

St. Stephen's Choir, which was under the direction of Jerry Klaes, was accompanied at the organ by Kathy Klaes as it provided traditional wedding music.

PARENTS OF the young couple are Mr. and Mrs. John Peters of 20350 Vining Road, New Boston, and Mr. and Mrs. Clifton McGuire of 40132 Edison Lake Road, Romulus.

For her wedding day, Nancy appeared in a victorian-mode gown of silk organza and rosepointe lace distinguished by a standup collar and bishop sleeves. Adding back interest was a removable chapel train also frosted with rosepointe lace.

A petaled arrangement of Venise lace trimmed with crystals and pearls secured her fingertip illusion veil and she carried cascading white daisies, baby tea roses, baby's breath, and ivy.

MR. AND MRS. THOMAS C. McGUIRE

Preceding the bride and her father to the sanctuary was the quintet of bridal attendants dressed in pastel shades of powder blue, pink, turquoise, orchid, and green.

Kathy Nieman of Romulus, was in powder blue for her role as maid of honor while the bride's sister, Mrs. Peggy Gabriel of New Boston, was in pink as matron of honnor.

IDENTICALLY STYLED, their dotted Swiss frocks were accented with white Venise lace on the necklines, cuffs and bodices. They wore matching daisy headpieces and carried baskets filled with daisies, baby's breath and ivy.

Bridesmaids were Thresa Paluch of New Boston, Patty Mc Guire sister of the bridegroom; and Maxine Dyer, aunt of the bridegroom from Lincoln Park.

Donald Wertz of Belleville carried out the role of best man. Others on the esquire side were Richard and Dana McGuire, brothers of the bridegroom; Michael Gabriel of New Boston, brother-in-law of the bride; and John Peters, the bride's brother.

THE U.A.W. HALL, Flat Rock, was reserved for the reception which followed with some 250 guests attending. Mrs. Peters chose for her daughter's wedding a Nile green A-line dress of worsted silk with lace sleeves interwoven with metallic thread. Her accessories were in silver and her corsage was comprised of daisies, yellow tea roses and baby's breath.

The bridegroom's mother donned a soft pink A-line dress of crepe with accordion sleeves and matching accessories. Her corsage was identical to Mrs.Peters'.

A week-long honeymoon followed at Niagara Falls with the newlyweds making their home at Village Grove Apartments, Ypsilanti, where the bride is employed as a practical nurse at Beyer Hospital.

She is a graduate of St. Mary's Academy, Monroe, and the Ann Arbor School of Nursing.

Her husband graduated from Belleville High School and is currently employed at Webb Forging Company, Belleville.

DRESS REHEARSAL – A full and final dress rehearsal has been called by 'Brigadoon' director, Keith Drayton, for tomorrow night -- the eve of the opening of Belleville High's version of the musical by Lerner and Loewe. The all-high school production will play four nights, May 14, 15, 20, and 21 at the beautiful new high school auditorium where all seats are now numbered and reserved for the show. Caught during one of their dance routines (from left) were Kitten Florian, who plays Maggie Anderson; Tom Branscomb, the fishmonger; and Brenda Gollwitzer, Jean McLaren. Curtain is at 8 p.m. sharp each evening.

Surprise party honors E. Sells on anniversary

Mr. and Mrs. Elmer Sell of 50675 Willis Road, Belleville, were honored May 1 at a surprise party marking their 30th wedding anniversary. Hosting the event were their children and their husbands and wives: Jim and Carol Sell, Johnny and Peggy Long, Bill and Bonnie Kelly, and Carol and Dean Sell.

Held at the Long's home in Saline, the evening included charades, cards, reminiscing, and a buffet supper. A special cake, baked and decorated by Mrs. Carol Sell was cut by the honorees during the party.

Friends and relatives were present from Taylor, Southgate, New Boston, Romulus, Milan, and Britton.

Among the many gifts received by the Sells was a portrait of their five children and another of their four grandchildren, Mark, Linda, Susan and Lori.

Mr. and Mrs. Sell were married April 21, 1941, in Napoleon, Ohio and have resided at their present address for most of their marriage.

Huron Valley Garden Club enjoys tour

The Huron Valley Garden Club held its May meeting at the Maple House on Maple Road in Birmingham. Following an enjoyable brunch a business meeting was conducted by president Gladys Mast.

The members were reminded of several garden tours and shows sponsored by other garden clubs. Plans were also discussed to plant some flower beds for the courtyard of the Van Buren Convalescent Home.

The group, including Mrs. Glen Wales who was a guest, later visited the Spring Gardens in Cranbrook, Bloomfield Hills. One beautiful view of the garden was hundreds of blooming daffodils scattered on the side of a grass-covered hill.

The installation of officers will be held in June at the home of Mrs. Elsie Wyman.

For Mothers Guild

'Luncheon is Served' is another success

Settling down after a four-course meal at St. Stephen's Mother's Club's annual 'Luncheon is Served', guests waited for the awarding of over 100 door prizes donated by area merchants. Door prize chairman Marge Frankowski made the presentations.

Mrs. Jane Payne, Kroger representative, thanked Christina Test, luncheon chairman, for inviting her to prepare the food and allowing her to introduce many new products. One of the aims of 'Luncheon is Served' is to provide homemakers with new ideas of what to serve at home to enliven their daily menus. Proceeds from the event will benefit St. Stephen School.

The first prize, a linen-filled cedar chest, was won by Alan Richardson; 2nd prize, stainless silverware, Sophie Laurain; third prize, man's wristwatch, Jean Tupacz; fourth prize, electric broiler, Nan Smith; fifth prize, sunburst wall clock, Mrs. Cahill; and sixth prize, blanket, Dorothy De Jack.

Mrs. TessRichardson was in charge of distributing the raffle tickets.

Local merchants who donated prizes for the affair included from New Boston: Middlebelt and Sibley Party Store, Sallai's Hardware, King's Party Store, Toth Turkey Farm, Dugan Lumber, Hank's Leonard Station, Chris' Mobil Station, Morvaso Florist, and Mother's Guild.

Still others were J.T. Drugs, Vena's Beauty Shop, Village Pantry, Quality Market, New Boston Beauty Salon, Orchard Grove, Brulez Sod Farm, Sochocki's Greenhouse, De Jack's Beauty Shop.

Belleville businesses contributing were Kureth's Apparel, Box Jewelry, Hamilton Hardware, Dancer's , Coy Kendall Flowers, Gamble's, T & C Discount, Ballard's Florist, Bella-Hi Pizza, and Vaughn's.

Romulus merchants included Stears Hardware, L & M Variety, Kidwell Drugs and Vescio's Market.

Other contributions came from Wyandotte, Flat Rock, Taylor and Southgate.

Baby shower for Ohioan held May 2

Miss Ruth Vorce of Ann Arbor and Mrs. Wylie Pitcher of Main St. were co-hostesses at a cradle shower held at the home of Mrs. Jay Herkimer, E. Huron River Dr., on Sunday afternoon, May 2, honoring Mrs. Kenneth (Lois) Pfaff of Oak Harbor, Ohio.

Relatives present came, (bringing gifts for the little-one-to-be), from Graytown, Ohio, Ann Arbor, Ypsilanti, Taylor, Livonia, and Belleville.

Games were enjoyed, awards given, and after opening the many useful gifts, a lunch of ice cream and cake was served with coffee, mints and nuts.

BPW installs officers

The monthly dinner meeting of the Belleville Business and Professional Woman's Club was held at Edgemont School May 3. Club president Betty Savage conducted the business portion of the evening after which a memorial service, under the direction of Irene Whalen, was held for Anne Rogalle, a former BPW member.

In a very interesting installation service, Mrs. Helen Danko, BPW Director of District 15, installed the following officers for 1971-21: Betty Savage, president; Ruth Davis, vice-president; Jean Stinehour, recording secretary; Ethel McDonald, treasurer; and Helen Curry, corresponding secretary.

The evening ended with the group's singing of old favorite songs led by Helen White with Margaret Saunders at the piano.

VanBuren Garden Club elects 1971-72 officers

The Van Buren Garden Club met recently at the Liberty Street home of Mrs. William Graham with the election committee presenting the new officers for 1971-72: Miss Ellen Gould, president; Mrs. Irene Russell, vice-president; Mrs. Clara Hoag, treasurer; Mrs. Jean Randall, recording secretary; and Mrs. Leona Baker, corresponding secretary.

The club voted to observe Michigan Week, May 15 - 22, by placing flowers in a public place around Belleville. The May 18 meeting will be a picnic and tour of the Red Bud Trail at Huron Metro Park.

Following lunch, the hostess displayed her collection of old and new coins including several new coins of Great Britain. There was also an exhibit of rocks and stones from the United States and other parts of the world.

After adjournment, several members stopped at Mrs. Irene Russell's home on Liberty Street to see her garden and forsythia plants.

Heel stompers, B-squares travel

The Wayne Heel Stompers square dance group and the B-Squares of Belleville recently traveled to Hastings where they were the guests of the Ringo Swingos.

The Heel Stompers have two planned square dances remaining this season. The next dance will be at the City of Wayne Fire Department to earn a Hook and Ladder badge. The last dance will be a Mexican fiesta.

During the summer months, the Heel Stompers have a pool party, barn dance, square dance campout and picnics planned. They will also dance at the Wayne Summer Festival.

The Heel Stompers are sponsored by the Wayne Recreation Department, as well as a beginners square dance group.

Local Masons honored

Two Belleville area residents received the 22nd Degree in Scottish Rite of Freemasonry (May 1) at the Masonic Temple, Detroit.

They are among 418 honored Masons living in the 11 counties of Southeastern Michigan, which make up the Detroit Jurisdiction of Scottish Rite, Detroit has a membership of 20,000.

The principal benevolence of Scottish Rite is its research program into the cause and cure of Schizophrenia, a form of mental illness. Scottish Rite members have voluntarily contributed millions of dollars to Universities, Colleges and Clinics since the program started 36 years ago.

Speaker on the final day of the four-day reunion (May 1) was the illustrious George A. Newbury, 33, of Boston, Sovereign Grand Commander, Scottish Rite, for the Northern Masonic Jurisdiction, an organization of more than 500,000 32nd Degree Masons.

In 1969, the Congo produced 362,000 tons of copper and the 1970 record is expected to exceed 400,000 tons.

CITY OF ROMULUS PUBLIC PERSONNEL ADMINISTRATION ORDINANCE

ORDINANCE NO. 71-5

SECTION I. GENERAL PURPOSE

The General purpose of this act is to establish a system of Personnel Administration that meets the social, economic and programmed needs of the people of the City of Romulus. This system shall provide means to recruit, select, develop and maintain an effective and responsive work force, and shall include policies and procedures for employee hiring and achievement, training and career development, job classification, salaried administration, retirement, fringe benefits, discipline, discharge and other related activities. All appointments and promotions in the City of Romulus service shall be made without regard to sex, race, religion or political affiliation and shall be based on merit and fitness.

SECTION II, CAREER SERVICE

a. The career service shall be a permanent service to which this ordinance shall apply and shall comprise all tenured positions in the public service now existing or hereafter established, except the following:

1. The Mayor, Clerk, Treasurer, City Council and other elected positions.
2. Members of the Boards and Commissions, Judges and Heads of Departments appointed by the Mayor.
3. Persons employed to make or conduct a temporary and special inquiry investigation or examination on behalf of the City Council; the committee thereof, or the Mayor.
4. The following positions which by their nature confidential and-or key policy determining cannot or should not appropriately be included in the career service, are also exempted:

a. Administrative Secretary to the Mayor
b. Administrative Secretary to the Clerk
c. Administrative Secretary to the Treasurer
d. Deputy Clerk
e. Deputy Treasurer
f. Police Department Personnel
g. Fire Department Personnel

b. Nothing herein shall be construed as precluding the appointing authority from filling any position in the manner in which positions in the career service are filled.

SECTION III, PERSONNEL DEPARTMENT

a. There shall be in the City of Romulus a Personnel Department, the executive head of which shall be the Director of Personnel.

b. The Director of Personnel shall be experienced in management and administration and shall be appointed by, and serve at the pleasure of the Mayor in the same manner as other appointed Department Heads.

c. The Director of Personnel is executive head of the Personnel Department and shall direct all of his administrative and technical activities and appoint its employees. It shall be his duty to:

1. Encourage and exercise leadership in the development of an efficient personnel administration within the several departments in the Government service, and to make available the facilities of the Department of Personnel to this end.
2. Advise the Mayor on man-power utilization.
3. Foster and develop programs for the improvement of employee effectiveness, including training, safety, health, counseling and welfare.
4. Investigate from time to time the operation and effect of this ordinance and of the policies made thereunder and to report his findings and recommendations to the Mayor.
5. Establish and maintain records of all employees in the Government service, and which there shall be set forth as to each employee the class, title, payroll status and other relevant data.
6. Make an annual report to the Mayor regarding the work of the Department.
7. Apply and carry-out this ordinance and the policies thereunder and perform any other lawful acts which may be necessary or desirable to carry-out the purposes and provisions of this ordinance.

d. On recommendation of the Mayor, the Director of Personnel shall issue personnel policies for the City of Romulus. Adequate public notice shall be given to all interested parties of proposed changes or additions to the personnel policy prior to the time they are to take effect. If requested by any of the affected parties, the Director of Personnel shall schedule a Public Hearing on the proposed changes or additions to the personnel policy. The policy shall provide:

1. For the preparation, maintenance and revision of a position classification plan to all positions in the career service, based upon similarity of duties performed and responsibilities assumed, so that the same qualifications may reasonably be required for, and the same schedule of pay may be equitably applied to, all positions of the same class. After such classifications plan has been approved by the Mayor, the Director shall allocate or re-allocate position of every employee in the career service to one of the classes in the plan. Any employee affected by the allocation or reallocation of a position to a class shall, after filing with the Director of Personnel a written request for reconsideration thereof and in such manner or form as the Director may prescribe, be given a reasonable opportunity to be heard thereon.
2. For the annual submission of a pay plan to the Mayor.
3. For recruitment of capable persons and for administering fair evaluations, to determine the relative fitness of applicants for positions in the public service.
4. For the certification to the appointing authority of the names of persons who are categorized as qualified to fill a vacancy.
5. For the establishment and maintenance of an eligible list of appointments and promotions, upon which list shall be placed the names of sucessful candidates.
6. For promotions which shall give appropriate consideration to the applicants qualifications, record of performance and ability.
7. For, upon appointment or promotion, a period of employee probation, prior to permanent appointment, not to exceed one (1) year.
8. For emergency employment for not more than ninety (90) days with the consent of the Driector for provisional employment without open evaluation when there is no appropriate eligible list available. No such provisional employment shall continue longer than six (6) months, nor shall successive provisional appointments be allowed except during the first year after the effective date of this ordinance.
9. For the establishment of programs, including trainee programs, designed to attract and utilize persons with minimum qualifications, but with potential for development, in order to provide career development opportunities among members of disadvantaged groups, handicapped persons and returning veterans. Such programs may provide for permanent appointment upon satisfactory completion of the training period without further examination.
10. For keeping records of performance of all employees and the career service, which performance records shall be considered in determining salary increments or increases for meritorius service; as a factor in promotions; as a factor in determining the order of lay-offs because of lack of funds or work and reinstatement; and as a factor in demotions, discharges and transfers.
11. For lay-offs by reason of lack of funds or work, reevaluation of a position, or material change in duties or organization, for re-employment of an employee so laid-off.
12. For establishment of a plan for resolving employee grievances and complaints.
13. The establishment of disciplinary measures as suspension, demotion in rank or grade, or discharge. Such measures shall provide for the presentation of charges, hearing rights, and appeals for all permanent employees in the career service.
14. For establishing hours of work, holidays, and attendance regulations in various classes of positions in the career service.
15. For establishing and publicizing fringe benefits such as insurance programs, retirement and leave policies.
16. For development and operation of programs to improve work effectiveness, including training, safety, health, welfare, counseling, recreation and employee relations.
17. For such other policies in administrative regulations, not inconsistent with this ordinance and may be proper and necessary for its enforcement.

e. The Director of Personnel or an authorized agent shall be responsbile for certification of the payroll vouchers that the persons name therein have been appointed and employed in accordance with the provisions with this ordiance and the policy thereunder. No Romulus disbursing or auditing officer shall make or approve or take any part in making or approving any payment for personal service to any persons holding a position in the Romulus service unless said payroll voucher or account of such pay bears the certification of the Director or his authorized agent.

SECTION IV. CITIZENS PERSONNEL ADVISORY BOARD

There shall be in the City of Romulus a seven (7) member Citizens Personnel Advisory Board. The members of the Board shall be appointed by the Mayor and confirmed by the City Council. The members of the Board shall serve four-year terms. However, with the first Board appointed, two of the members shall serve or be appointed to four-year terms, two to three-year terms, two to two-year terms and one with a one-year term. Their successors in turn will be appointed to four-year terms. The Board shall elect one of its members as Chairman.

A member of the Board may be removed by the Mayor only for cause with concurrence of a majority of the City Council, after being given a copy of the charges before the Mayor. The Board, upon request of the Mayor, or its own initivative, will have a responsbility of providing advice to Council on all aspects of public personnel administration including, but not limited to, man power utilitization, man-power training, employee greivances and employee salaries. Adequate annual appropriations shall be made to enable the Board to carry out effectively the provisions of this law.

SECTION V. HEARING OFFICER

There shall be a Hearing Officer, appointed by the Citizens Personnel Advisory Board. The Hearing Officer may only be removed by the Mayor for cause with concurrence of a majority of the City Council, after being given a copy of the charges against him and an opportunity to a public hearing before the Mayor and City Council. A copy of the charges and a transcript of the record of the hearing shall be filed with the Citizens Personnel Board.

It shall be the duty of the Hearing Officer to represent the public interest by reviewing employee appeals resulting from alleged adverse employer action, including but not limited to violations of this ordinance or the rules or regulations proclaimed thereunder, unwarranted emotion, dismissal, or suspension. During such review, both appealing employee and appointee authority or other persons who's action is being reviewed shall have the right to be heard publicly, be represented by a person of his choice, and to present evidentiary facts. At the hearing of such appeals or grievances, technical rules of evidence shall not apply.

In conducting the hearing, the Hearing Officer has the power to administer oaths, issue subpoenas, receive relevant evidence, compel the projection of books and papers relevant to the hearing, and question witnesses. It shall be the duty of the Hearing Officer, within thirty (30) days of the conclusion of the hearing, to forward his recommendations concerning the appeals to the Mayor for appropriate action. Adequate annual appropriations shall be made to enable the Hearing Officer to carry out efficiently the provisions of this Ordinance.

SECTION VI. AGREEMENTS AUTHORIZED

The City of Romulus is authorized and empowered to enter into reciprocal agreements, on such terms as may be agreed upon, for the use of equipment, materials, facilities and services with any public agency or body purposes deemed of benefit to the public personnel system.

b. The Director, acting in behalf of the Mayor, may cooperate with other governmental agencies charged with public personnel administration in conducting personnel test, recruiting personnel, training personnel, establishing lists from which eligibles shall be certified for appointment and for the interchange of personnel and their benefits.

SECTION VII. POLITICAL ACTIVITIES

a. No Romulus employee under the Career Service shall be an officer of a political party or hold political office during his-her employment.

b. No employee, official or person shall solict any assessment, contributions, or services, for any political party or any employee in the Career Service.

c. Nothing herein contained shall affect the rights of the employee to hold membership, in and support a political party, to vote as he chooses, discuss privately his opinion on all political subjects and candidates, to maintain political neutrality, and to attend political meetings.

SECTION VIII. EMPLOYEE ORGANIZATIONS

The Romulus employees shall have the right to organize, join, and participate, or to refuse to organize, join, and participate, in any employee organization freely without fear of penalty or reprisal, for the purpose of collective negotiations through representatives of their choosing on terms and conditions of employment. Nothing contained in this section shall preclude the right to the employee from submitting an appeal under the provisions of Section V.

SECTION IX. UNLAWFUL ACTS PROHIBITED

a. No person shall make any false statements, certificate, mark, rating a report with regards to any test, certification or appointment under any provision of this ordinance or any in any manner commit or attempt to commit any fraud preventing the impartial execution of this ordinance and policy.

b. No person shall, directly or indirectly, give render, pay, offer, solicit, or accept any money, service or other valuable consideration for any appointment, proposed appointment, promotion or proposed promotion to, or any advantage in, a position in the Career Service.

c. No employee of the Personnel Department, examiner, or other persons shall defeat, deceive or obstruct any person his right to examination, eligibility, certification or appointment under this ordinance, or furnish to any person any special or secret information of any person with respect to employment in the Career Service.

SECTION X. PENALITIES

a. Any person who willfully violates any of the provisions of this ordinance or policies shall be guilty of a misdemeanor, punishable by a fine of Five Hundred ($500.00) Dollars or ninety (90) days or both.

b. Any person who is convicted of a misdemeanor under this ordinance, shall for a period of five (5) years, be ineligible for appointment to or employment in a position in the Romulus service, and if he is an officer or employee of Romulus, shall forfeit his office or position.

SECTION XI. STATUS OF PRESENT EMPLOYEES

Employees holding positions in the Career Service herein for one (1) year or more immediately prior to the adiption of this ordinance shall be continued in their respective positions without further examination, until separated from their positions as provided by this ordinance. Those holding their position for less than one (1) year prior to the adoption of this ordinance shall serve a probationary period as prescribed by the policy. Those who shall have failed to qualify as provided herein shall be dismissed from their position within thirty (30) days after establishment of an eligible list for their respective positions. Nothing herein shall preclude the reclassification or re-allocation as provided by this ordinance of any position held by any such incumbent.

SECTION XII. SEPARABILITY

If any provisions of this ordinance or of any policy, or order hereunder of the application of such provision to any person or circumstance shall be held invalid, the remainder of this ordinance and the application of such provision of this ordinance or such policy, or order to persons or circumstances other than those to which it is held invalid shall not be affected thereby.

SECTION XIII EFFECTIVE DATE

This ordinance shall take immediate affect upon adoption by the majority of the Electorate.

Commissioners split over racial designations

A recommendation before the Wayne County Board of Commissioners concerning race designation on county employe records has sparked an emotional debate among board members.

The Human Relations Committee has recommended that the Civil Service Commission be instructed to code data processing records of all employees by race, as is being done by the Michigan Department of Civil Service and the City of Detroit.

The recommendation is in response to a request from the Director of the Office of Human Relations, Mrs. Joyce F. Garrett. The committee first considered the proposal in March, 1970, at which time Mrs. Garrett was asked to submit information on existing practices.

The Office of Human Relations would like a tabulation of race information to accurately ascertain whether or not the county is, in fact, an equal opportunity employer. Mrs. Garrett says there is no present way of obtaining statistics on the number of minority group people working for Wayne County.

But opinion on the Board of Commissioners is sharply divided. Black and white commissioners oppose the designation as a step backward in freeing minority groups from designations that might affect job status.

But both black and white members also support the measure on the grounds that department heads and supervisors are presently denying equal opportunity to minority races and getting away with it because no racial records are kept.

Commissioner Roscoe L. Bobo (D-18th Dist), said "I have fought against racial designation for many years, and I don't want to do something here which I'll regret at some future date."

Commissioner Rose Mary C. Robinson (D-17th Dist.) indicated she was totally opposed to race designation of any type. "Such a practice would be inherently dangerous," she said. adding that she believes judgment should be made on the basis of skills and ability alone.

Commissioner Paul Silver (D-11th Dist) defended the recommendation, explaining that it would be recorded after an employe had been hired and would in no way affect his chances for a job or for promotion.

"Such designation is necessary," Silver said, "because bigots in Wayne County are using the fact that there are no such records to avoid living up to civil rights legislation.

"Minority groups in Wayne County do not have equal opportunity," Silver emphasized, "because these bigots can answer 'I don't know' when asked about racial balance in their departments."

Silver explained that he and others had worked hard to eliminate indications of race on employment forms but now the law was being used to cover discrimination instead of eliminating it.

However, George F. Killeen (D-2nd Dist) said he refuses "to try to solve a problem by creating one." He said he felt that desgination of this type was "not in keeping with the dignity of human life."

Commissioner Edward Jones (D-16th Dist argued, "Designation is a fact, and it always has been. Employers always know the race of the person they are hiring.

"What has Wayne County got to hide," Jones asked, "if it is truly an equal opportunity employer?"

The Human Relations Committee was informed that the Michigan Department of Civil Service initiated a census count to determine the number of white and non-white employes in the classified service in 1964 and since that time the racial designation of each new employe has been identified on a continuing basis.

"The aforementioned information," the committee reported, "is used for official statistical reporting only, which does not affect the job status or job opportunities of any individual.

The City of Detroit records racial designation, sex and classification for each of its 24,000 employes.

No final decision by the board will be made until the recommendation is again reported out of committee after further study.

Greeted on birthdays

Two residents of Woody's Rest Home, 39000 Chase Rd., Romulus, adopted by the Romulus Community Workers Club, were feted at a recent birthday party reported Mrs. Dorothy Martin, club presidents.

Mrs. Marie Smith and Vernon Foisy shared honors and receive gifts, cards and a cake from club members.

Another patient of the home accompanied club members on the piano as they sang traditional birthday greetings.

Rouge debris, flooding elimination gets boost

Plans underway to eliminate causes of pollution and flooding of the Rouge River are expected to be intensified, following a $20,000 appropriation by the Wayne County Board of Commissioners to finance the major share of costs for needed research.

County Drain Commissioner Henry V. Herrick described the planned study as a major step toward eventual construction of some $200-million worth of drainage improvements to eliminate pollution and flooding of the entire Rouge River system in Wayne, Oakland and Washtenaw counties.

The allocation provides financing for 60 per cent of the costs of a study which is expected to locate, as a beginning effort, the exact sources of pollution along more than 20 miles of the river.

The remaining 40 percent cost of the study, amounting to a maximum of $15,000 is expected to be furnished by Oakland County.

Requests for the joint Oakland-Wayne County financing of the project came from Herrick, through a special Rouge River subcommittee of the Board of Commissioners. The request also stipulates the part of the costs be recovered by special assessment of drain improvements.

Harrick said the survey will take in all the branches of the river along its entire length. He said the preliminary results are expected to be available in about six months.

The Commissioners have also allocated $10,000 to finance removal of debris from the River this summer, and may appropriate more as this project progresses.

The special Rouge River subcommittee, part of the Board's Public Works Committee, is chaired by Commissioner Richard E. Manning of Redford, D-District 19. Other members are: James DeSana, Wyandotte, D-Dist. 23; John Lesinski, Dearborn, D-Dist. 20; and Charmie Currie, Detroit, D-Dist. 6.

A THOUGHT TO REMEMBER
BY HAROLD REDISKE, DIRECTOR
"Short and to the point." Everyone has heard the expression. It has more meaning that most people suspect. Lets think about it -
Our eyes and ears see and hear tens of thousands of words every day. In advertising alone, the average family sees or hears more than 1,500 ads a day. Most of what we see and hear is quickly forgotten. Why is this? These illustrations may help to explain ...
Compare the nature of these tens of thousands of words with the number and nature of the world's most widely known words. The Lord's Prayer has only 56 words! The most important piece of writing the world has ever seen has only 297 words - The Ten Commandments! There are only 300 words in the Declaration of Independence! Lincoln's immortal Gettysburg address has only 266 words! St. John wrote, "Jesus wept." Just two words, but they stir one's feelings with understanding.
By comparison, in the O P A days, a written order covering the price of a head of cabbage had almost 27,000 words! Get the point? We think you will ...

Best way to ship live fish is to get them drunk. Cold sober, they'll thresh around considerably. Pour a little liquor in there, however, and they'll simmer right down. A fish shipper told me so. Remember that, next time you ship a fish. Peculiar thing.

You, too, may find this difficult to believe. A vice president of a certain New York City bank goes to work every day barefoot. He also wears a sizable red beard. Still, he's a highly respected executive, I'm told.

Every young lady in the nation should undergo compulsory military training. So contends a Harvard scholar. "The military experience," says he, "would help the girls to get rid of localized fatty deposits and thus enable them to wear pants without creating a repellent spectacle."

The theory that rattlesnakes always rattle before they strike is erroneous. Snake experts in Arizona claim their studies indicate only one rattlesnake in every 25 so sounds off. As a warning, at any rate. They confirm the long-known fact these snakes are apt to make a lot more clatter when it's hot than when it's cold, however.

Notions: What's odd is there's a whole generation out there that can't spell the word "beetle"...Never met a girl called Sue who wan't a lively conversationalist...Have noted the American philanthropist, like the Japanese pickpocket, is forgiven if he returns part of what he steals..No ashtray less than a foot in diameter is worth the price. Some penned animals get neurotic. Wild animals never do. Why is that?

Customer service: Q. "Name the U.S. President who was unopposed for a second term." A. Which one? Both Washington and Monroe were unopposed...Q. "Quick, what's Africa's largest city?" A. Cairo, Cairo..Q. "How long does it take a woman to recover from a complete face lift surgical operation?" A. Four days in the hospital maybe, another month at home.

As to that matter of how much Deliah got paid for arranging Samson's haircut, am now advised it was 5,500 pieces of silver. That's 1,100 pieces of silver claims there were five such lords. Rulers of Gaza, Ashkelon, Ashdod, Ekron and Gath. What's still unknown, however, is how much 5,500 pieces of silver would buy today. Research goes on.

What's the world's smartest dog? How about a cross between a Saint Bernard, mastiff, Great Dane and European wolf? That's what one dog expert, Dr. Dan Maris, thinks will be the brightest of all canines. Toward that end he has been breeding dogs. Says he'll have the perfect animal in another eight years. Some dog. Expected to weigh about 250 pounds.

CARROLL RIGHTER'S horoscope

Tomorrow's forecast
from the Carroll Righter Institute

General tendencies: A day and evening when most everyone is in a romantic frame of mind and is willing to discuss and thresh out whatever points of difference may have been holding people back from a happy relationship. Also fine for thinking about coming vacations and making plans for happy ones.

Aries (Mar. 21 to Apr. 19) Contact those persons whose views may be different from yours but who are nonetheless excellent to have in your life. Plan some trip by studying travel folders now. Keep within your budget for best results.

Taurus (Apr. 20 to May 20) Stay as much with mate today as you can and handle important matters together with care. Much happiness can be yours. Carry through on promises made to others and stop worrying.

Gemini (May 21 to June 21) Good day to cooperate with partners in whatever ventures are mutually rewarding. Results will then be excellent. See what close ties expect and try to coordinate efforts and ideas.

Moon children (June 22 to July 21) Shop for clothing that best suits your present needs. Take the health treatments you should have, also. You can get much work done with great efficiency.

Leo (July 22 to Aug. 21) Creative skills should be put to use now and results will be excellent so keep busy every minute while the aspects are good. A romantic evening which can bring you true happiness.

Virgo (Aug. 22 to Sept. 22) Concentrate on making conditions at home more idial; show some tangible proof of your devotion. Being more generous with money and gifts is good.

Libra (Sept. 23 to Oct. 22) You can get excellent results by contacting key persons today, whether business or personal. Any backing you need will be given quite readily. Avoid persons who are in an irate mood, though.

Scorpio (Oct. 23 to Nov. 21) Go ahead with that monetary plan that will add appreciable to your present income and security. Use vision and common sense for excellent results. Make some long-term contract that is air-tight.

Sagittarius (Nov. 22 to Dec. 21) You are feeling happy today and can help others to cheer up as well, so go about your business with enthusiasm. Particularly good for social activities. State your aims clearly.

Capricorn Dec. 22 to Jan. 20) You can do much constructive thinking and plan the future more wisely today. Study details of your plans before you contact experts for further advice. Avoid dangers of all kinds.

Aquarius (Jan. 21 to Feb. 19) You can certainly put to good use your gregarious qualities and can add to present circle of worthwhile friends, business contacts. Group meetings are excellent. Drive with great care, though.

Pisces (Feb. 20 to Mar. 20) Show kindness for one who means a great deal to you in the business world and you easily get the further support you need at this time. Involve yourself in some civic affair that will help you and those in your community also.

If your child is born today he or she will be one of those delightful young people with a magnetic quality which could be used exclusively to gain personal advantage or to force others to do won bidding, so you must teach this child while young to use magnetism wisely and with a happy life. The field of selling is particularly good here, also art, music, the ministry, etc. Send to the college of own choice, if college is desired. Sports are fine.

"The Stars impel, they do not compel." What you make of your life is largely up to you.
